COMPANY PROFILE

KE Crane is a professional crane manufacturer integrating R&D, manufacturing, sales, installation and service. With a wide range of products and a global selection of raw materials, we are committed to providing custom designed material handling solutions for both standard and custom cranes.

We have served more than 6,000 customers in over 100 countries and territories worldwide. Industries served include over 50 key industry sectors such as aerospace, automotive and marine, steel smelting, petrochemical, electronics and information technology, power and water conservancy, and military rail, and our products have been operating effectively and safely. We promise to provide a 12-month warranty and permanent technical service support for all our products.

Our factory covers an area of 1.62 million square metres and has more than 4,500 employees, including more than 200 senior engineers and technicians. There are more than 20 production workshops with more than 3,500 sets of various advanced processing equipment and product test benches. We use globally selected raw materials to improve product quality to the maximum extent while reducing costs. We provide R&D, production, sales and services for more than 110 types of cranes and accessories such as gantry cranes, overhead cranes, electric hoists, lifting electromagnets and lifting grabs. We can provide total solutions and whole life cycle services for our customers and are committed to the intelligent, environmentally friendly and high quality development of the crane industry.

Gear automatic production robot

End beam welding robot

Double beam overhead crane
production workshop

Single beam overhead crane
production workshop

Automatic loading and unloading robot

Axle automatic production robot

Wire rope electric hoist production
workshop

Lifting Electromagnet production
workshop

Welding robot workstation

Plasma cutting machine

MH Type single beam electric hoist gantry crane

A Type double beam hook gantry crane

L Type single beam electric hoist gantry crane

L Type single beam hook gantry crane

U Type double beam subway turn slag hook gantry crane

RMG Type double beam upper rotation rail-mounted container gantry crane

MZ Type double beam grab gantry crane

50~100t Double beam winch gantry crane

Semi gantry crane

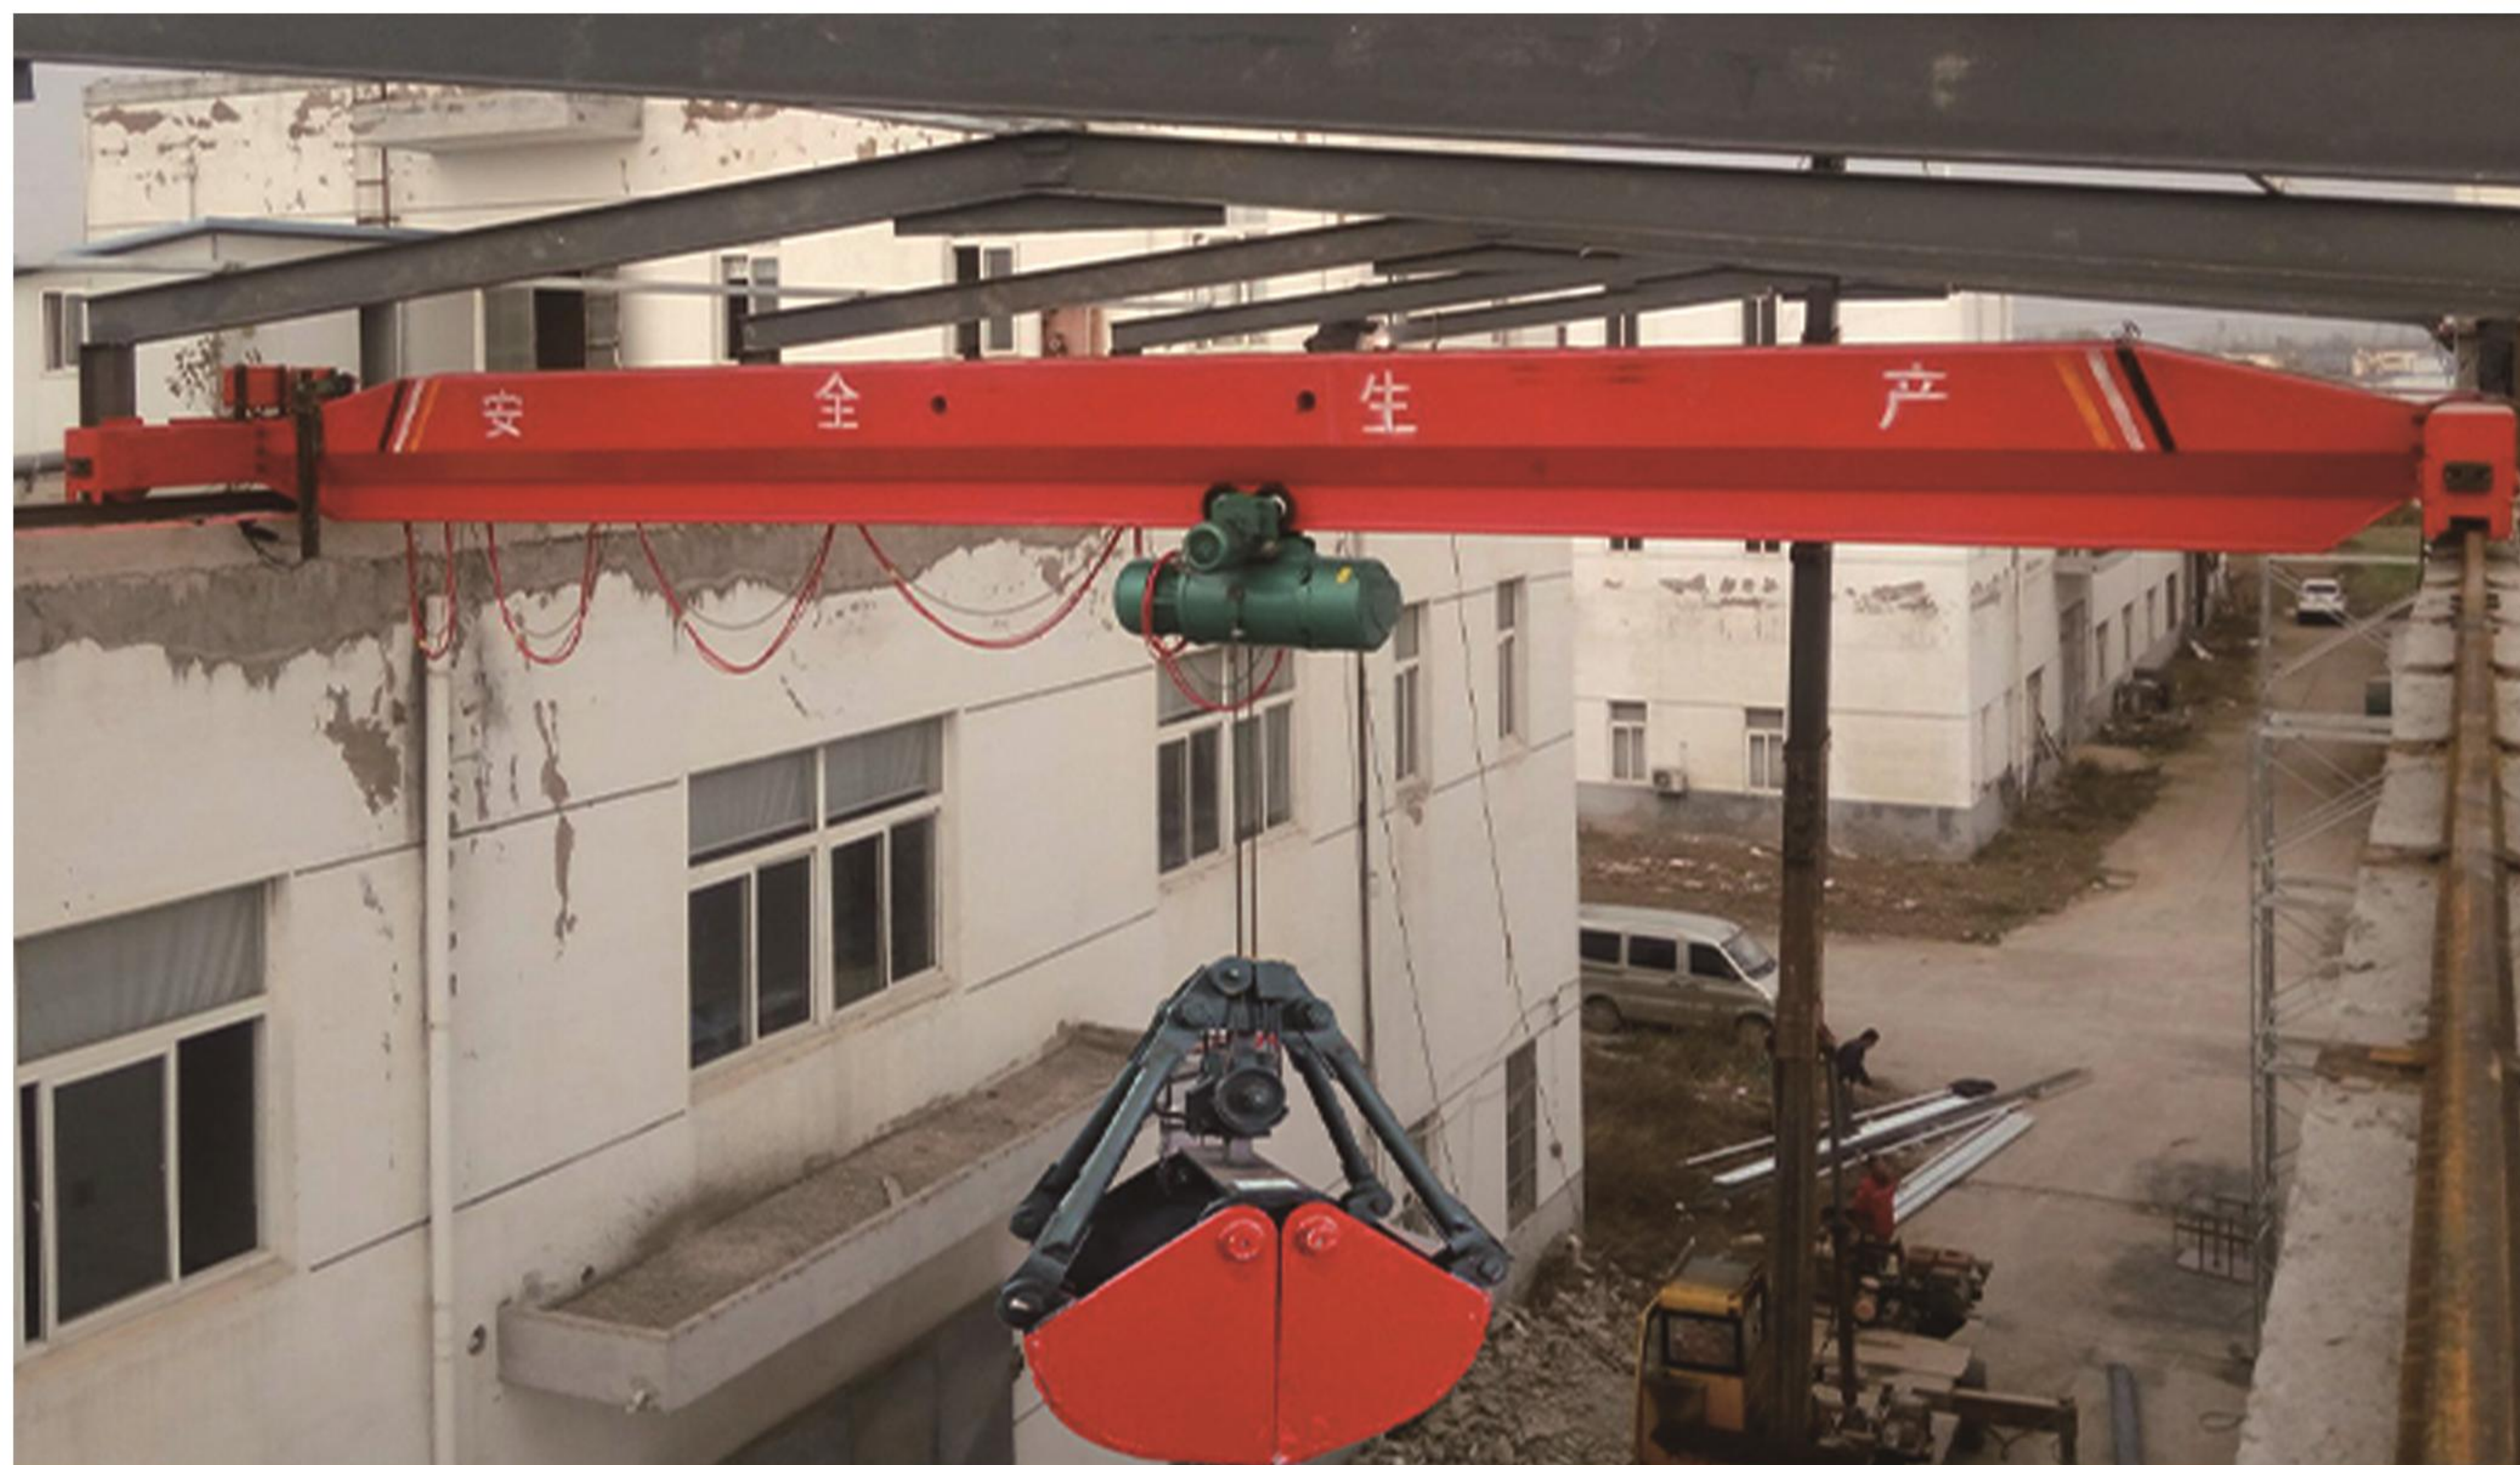

Small gantry crane

LDA Type single beam overhead crane

LB Type single beam explosion proof electric overhead crane

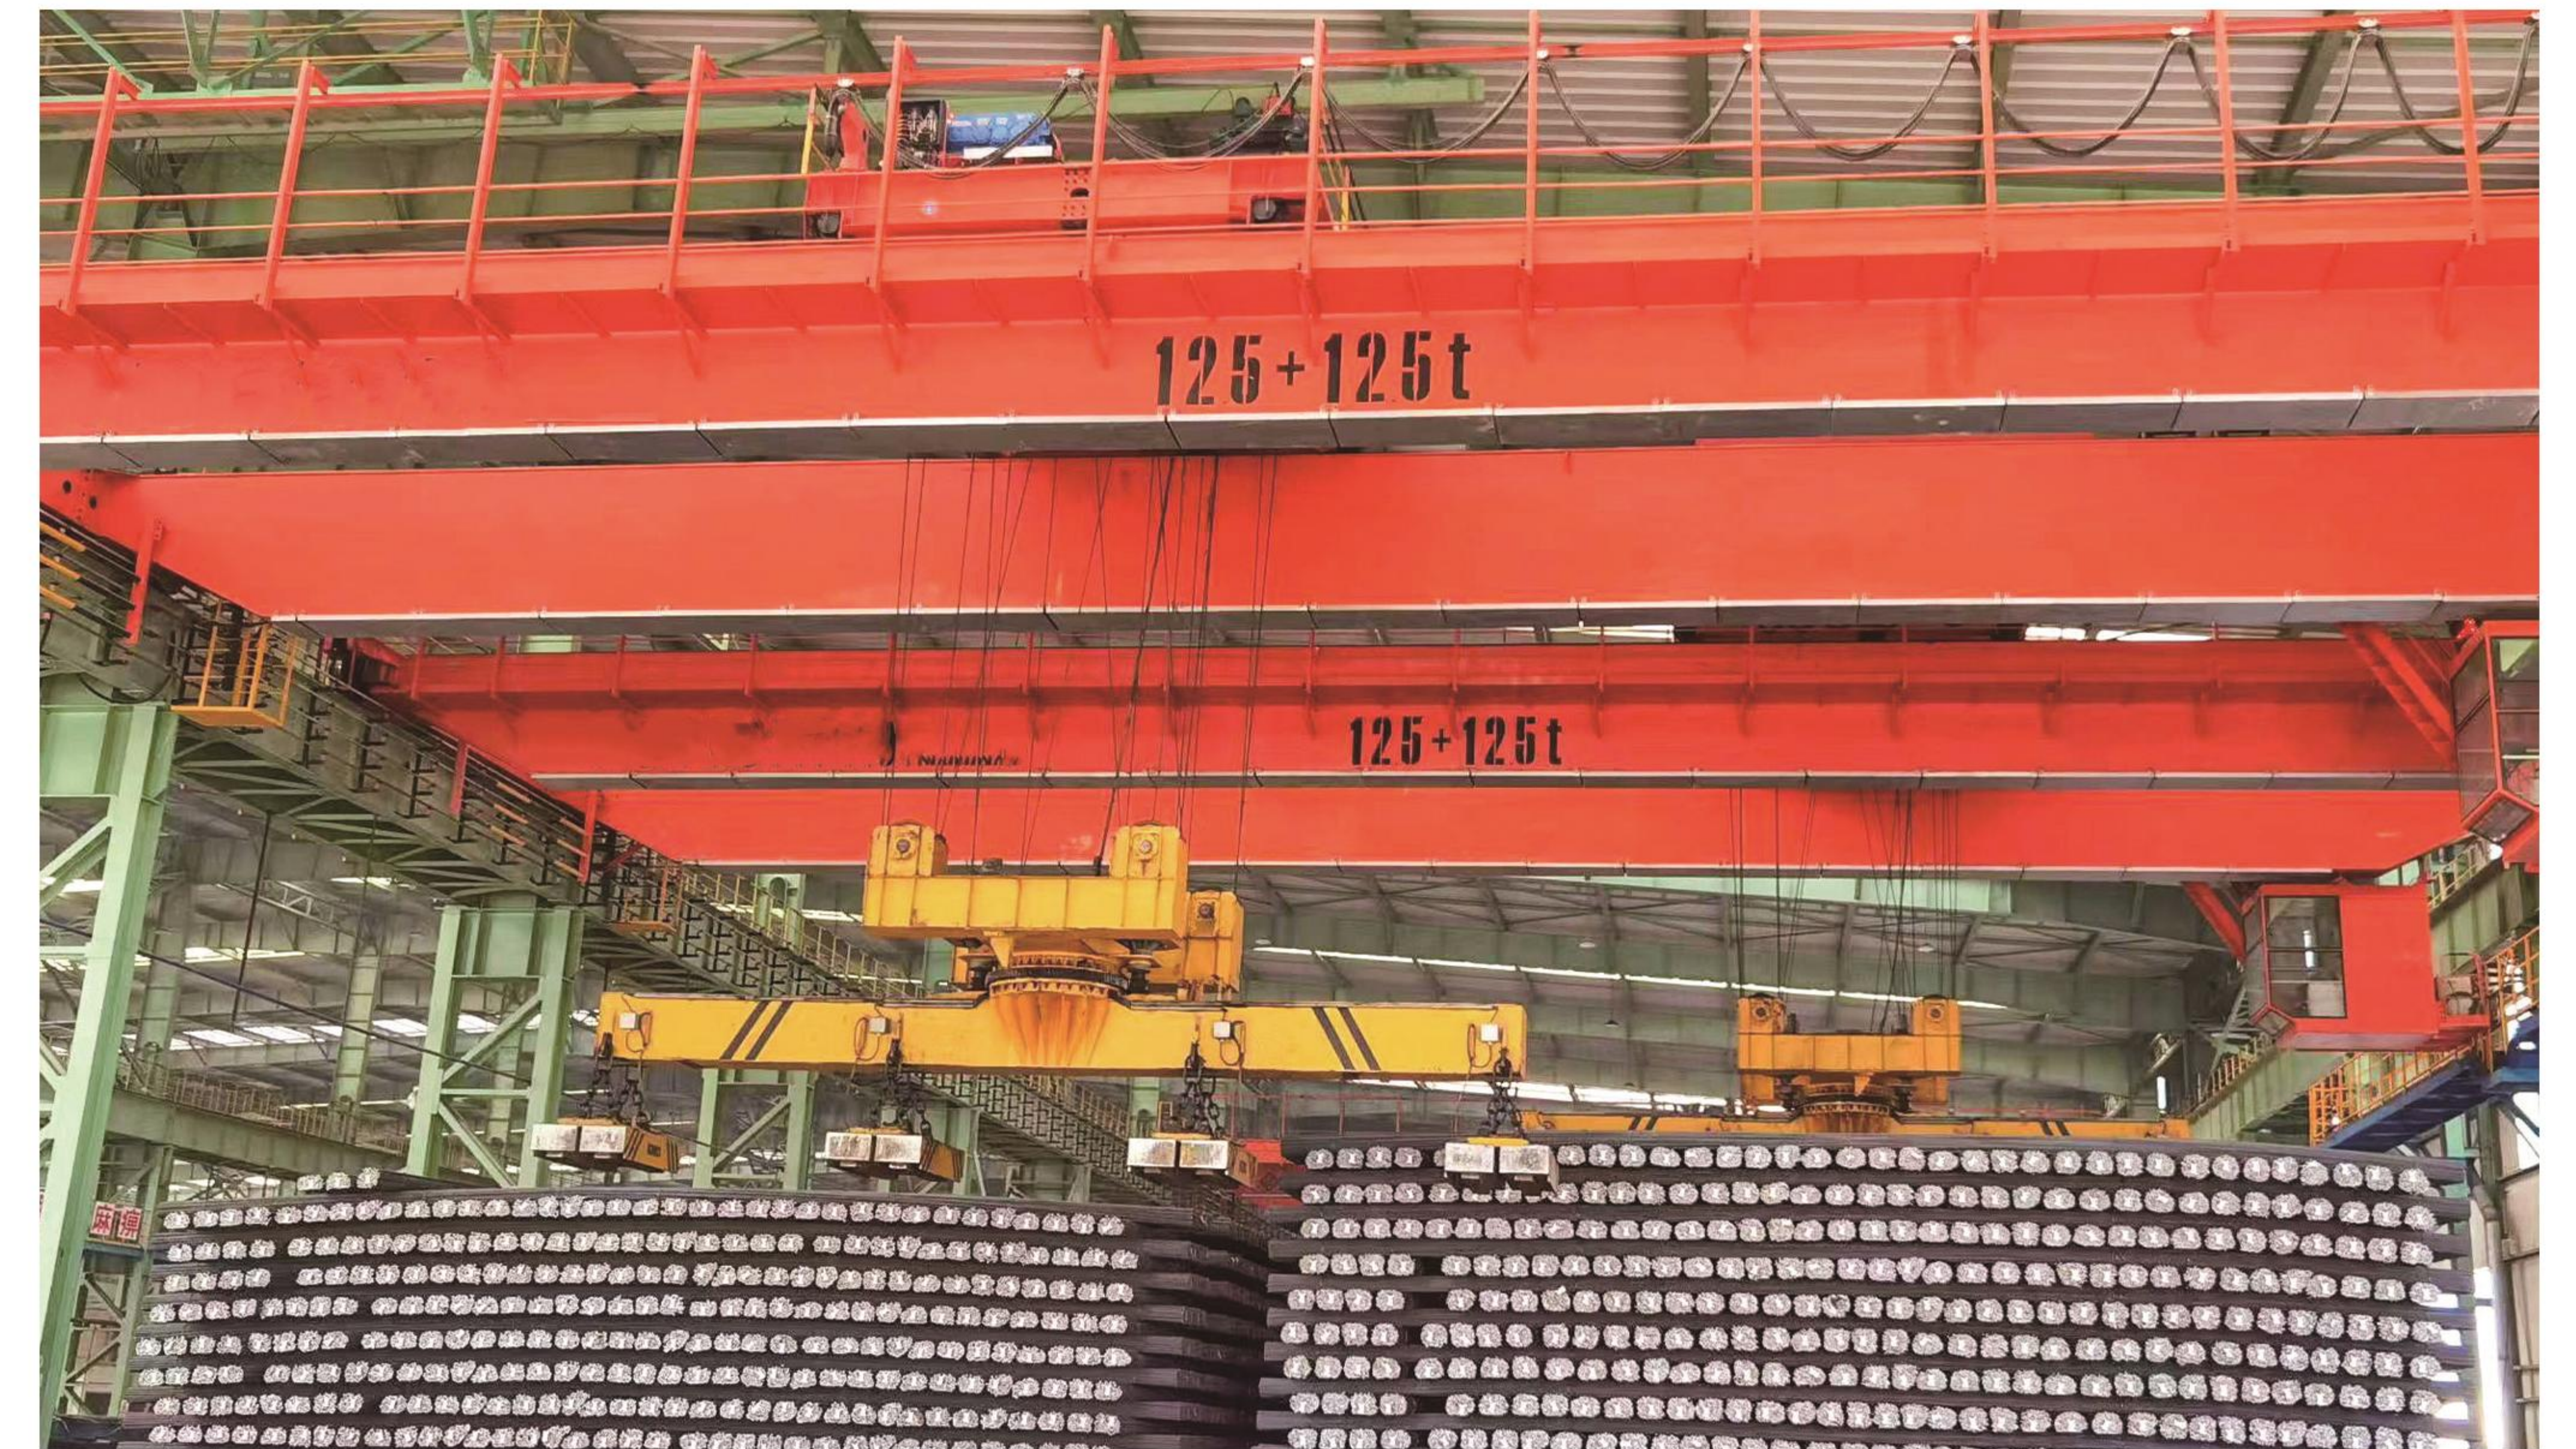

LDZ Type single beam grab overhead crane

Single beam lifting electromagnet overhead crane

LH Type double beam electric hoist overhead crane

QC Type double beam electromagnet overhead crane

QZ Type double beam grab bucket overhead crane

QD Type double beam overhead crane

European single beam gantry crane

European single girder overhead crane

European double beam gantry crane

European double girder overhead crane

Fix column jib crane

Wall mount jib crane

MW5 Scrap lifting electromagnet

Matching Equipment: Overhead crane, gantry crane, excavator, etc

Hydraulic magnet lift

MW19 Lifting
electromagnet for
high speed wier
(coiled bar)

MW38 lifting
electromagnet for
bundled rebar and
profled steel

MW84 Lifting electromagnet for lifting and transporting steel

Lifting electronmagnet for turning and side hung

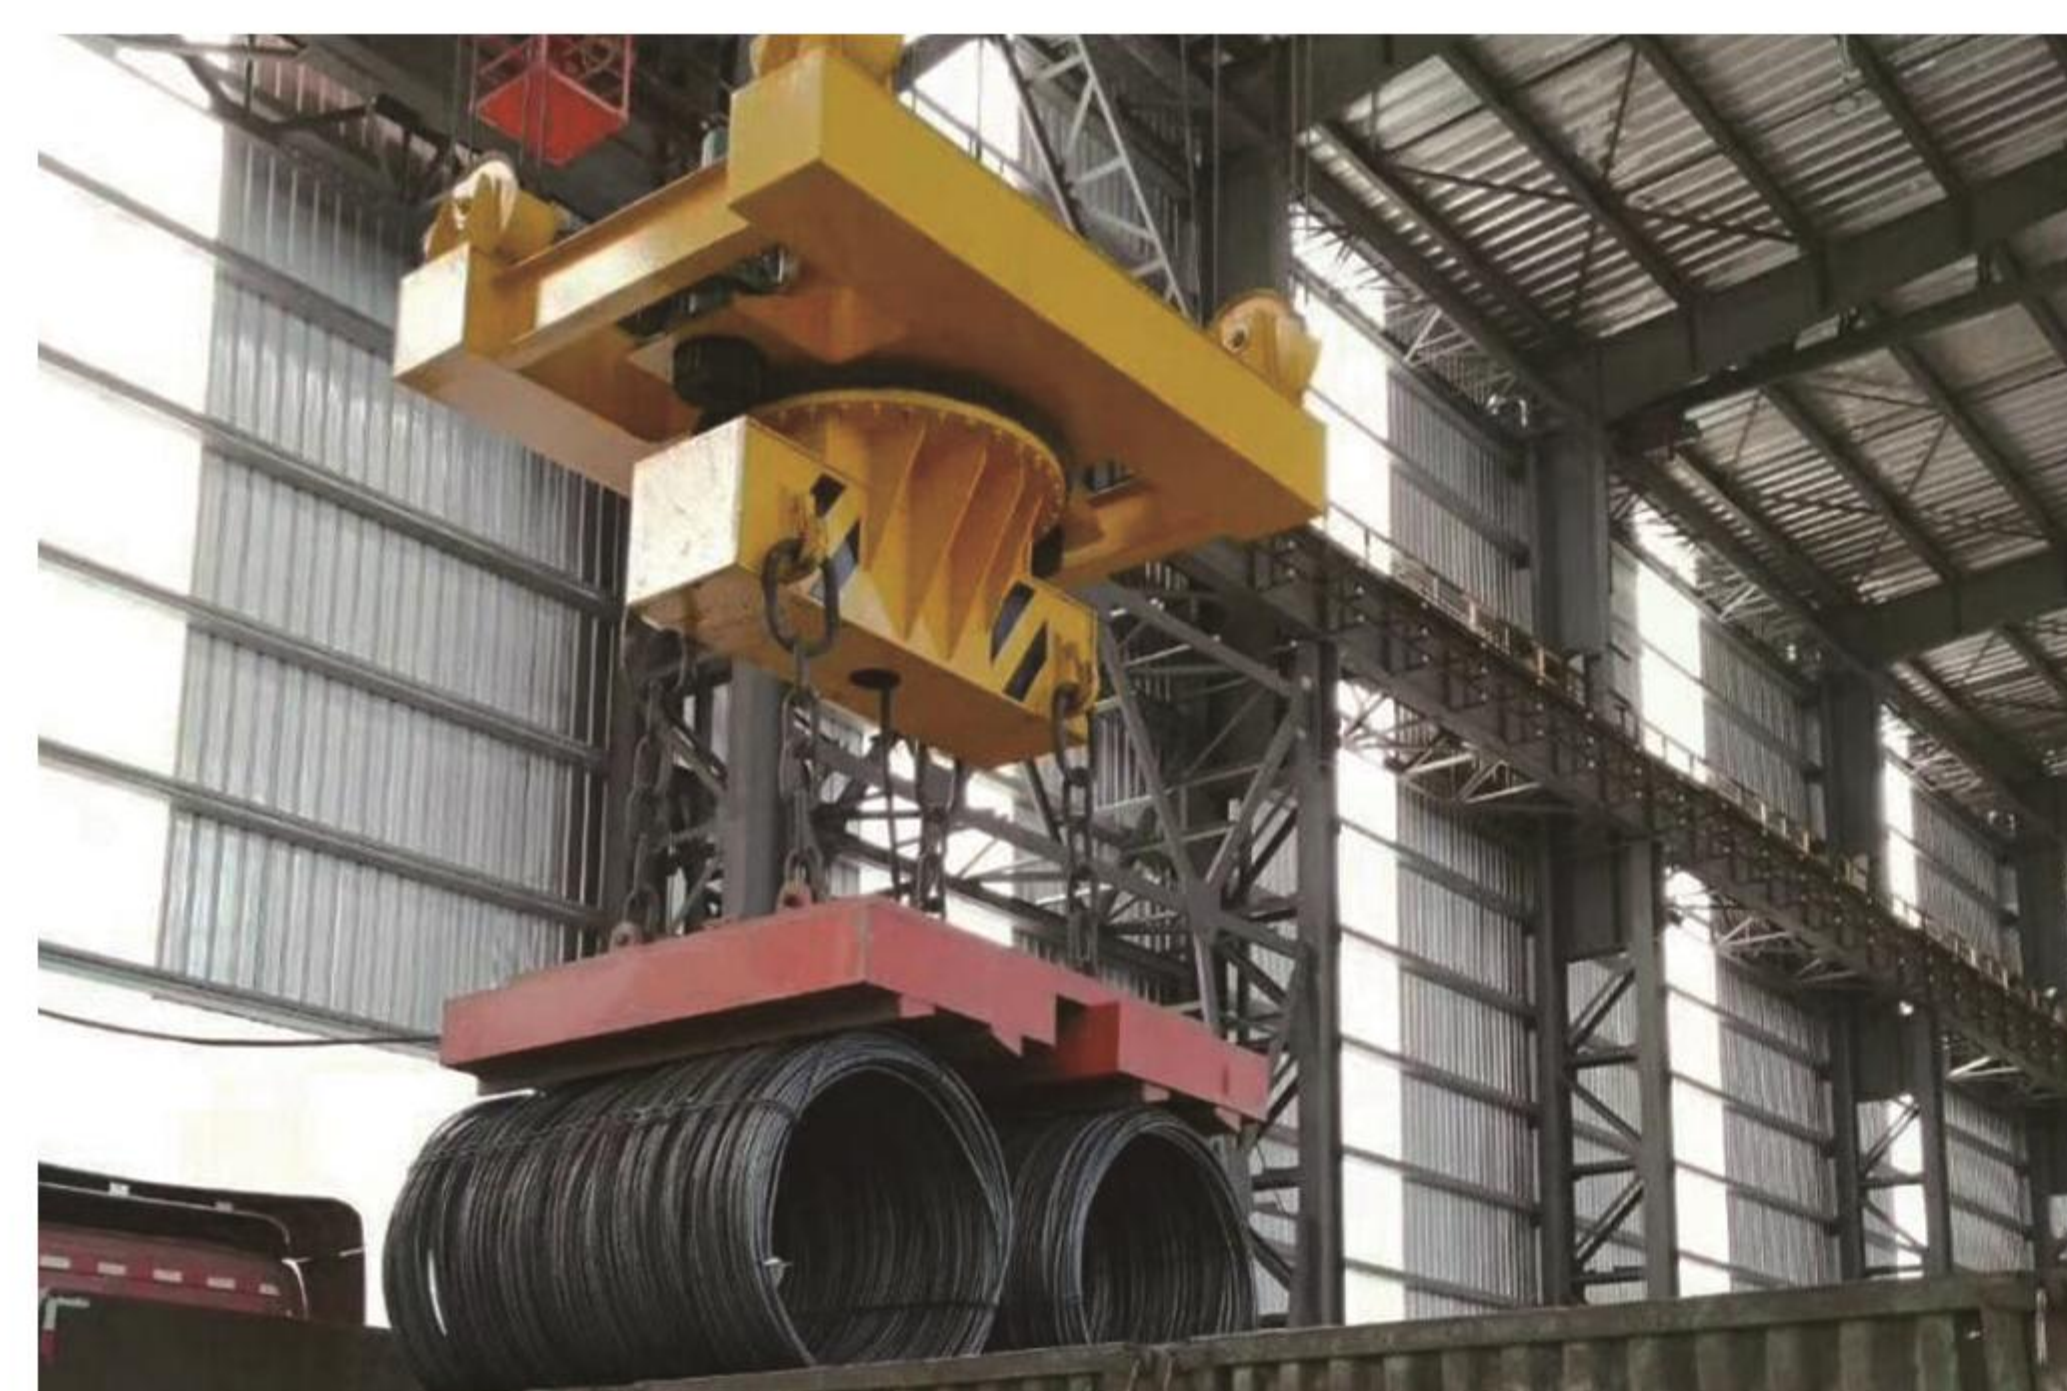

Electric permangnet lifter

Electric permangnet lifter

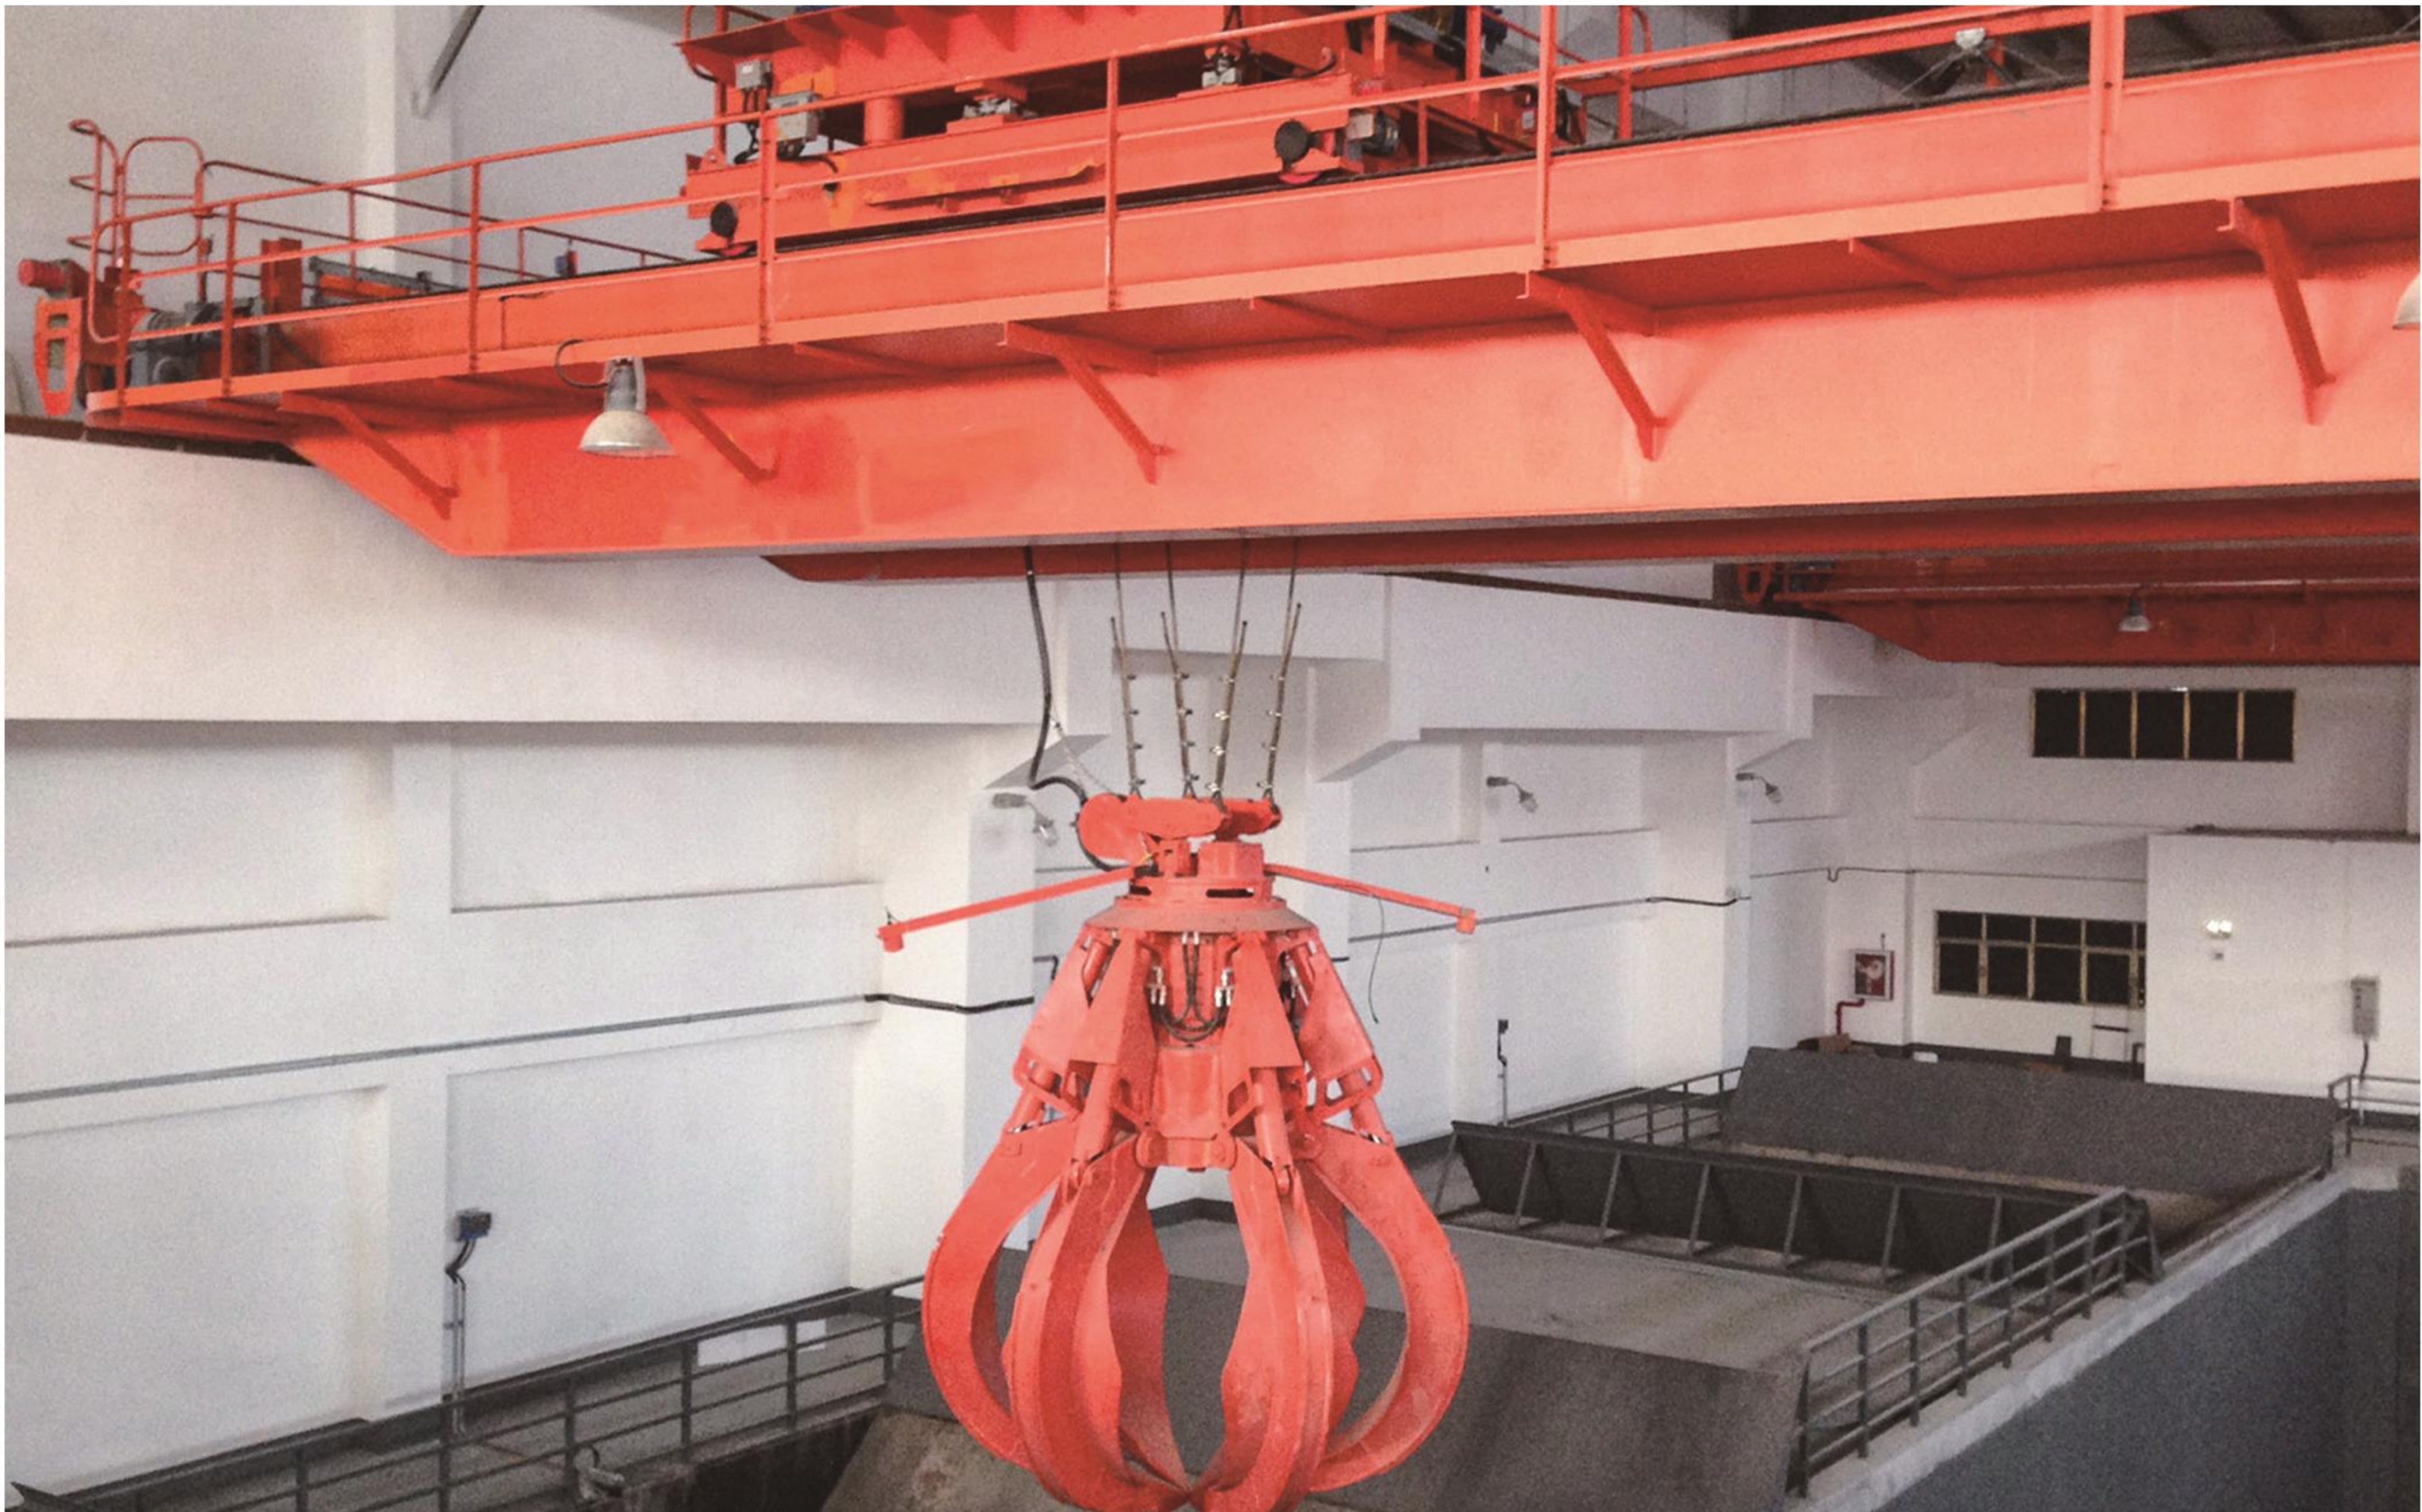

Single rope steel wire rope grab

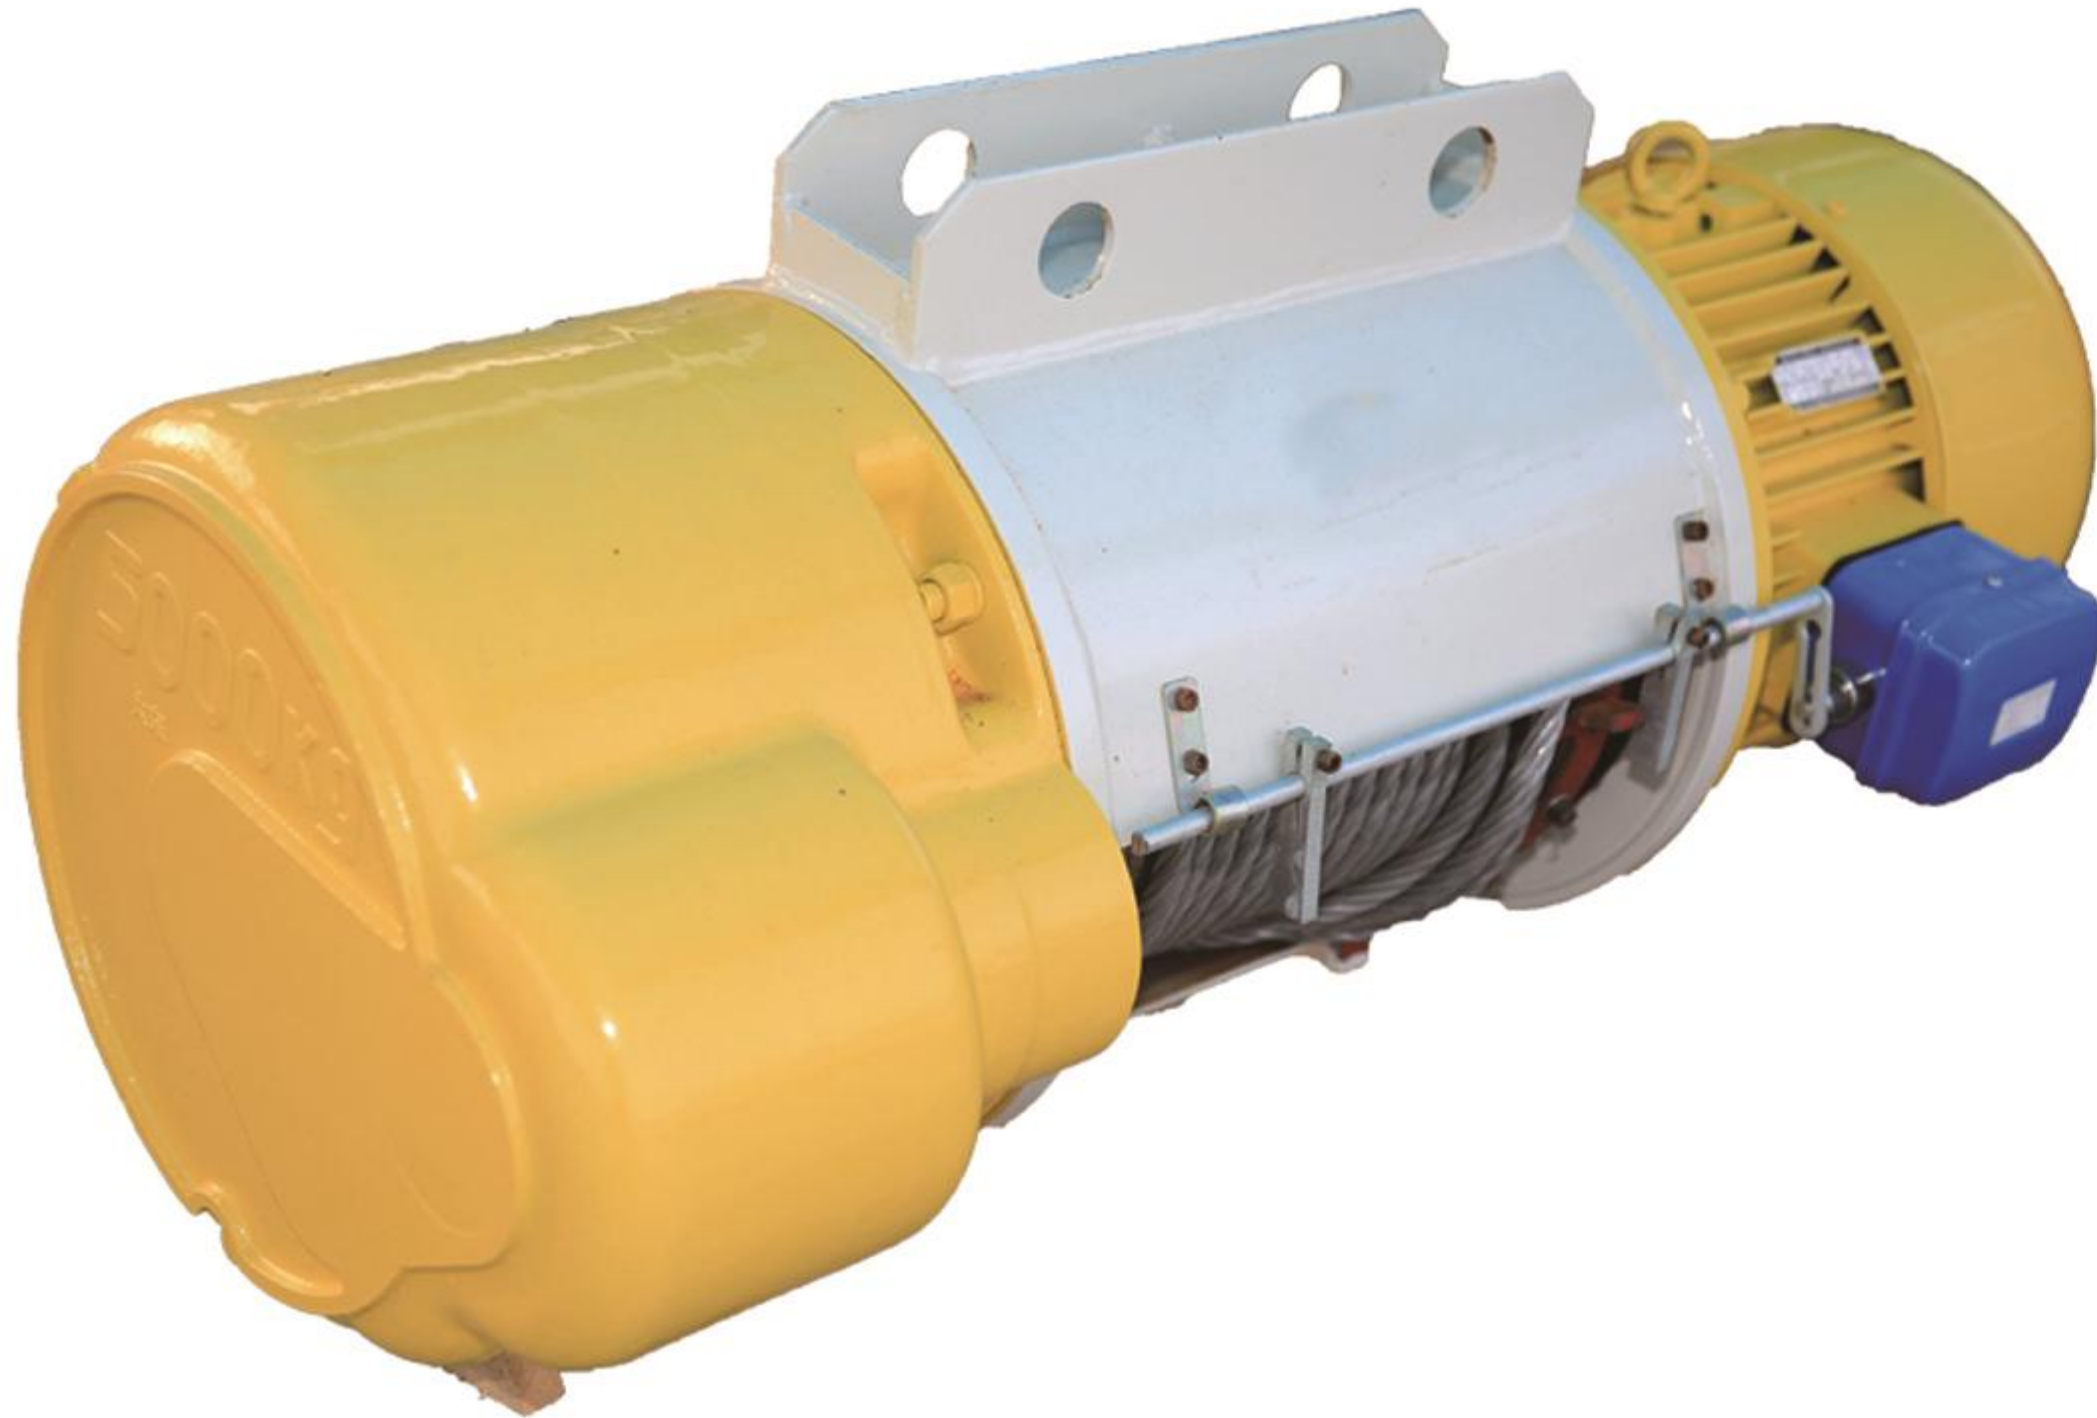

Product application

Four rope steel wire rope grab

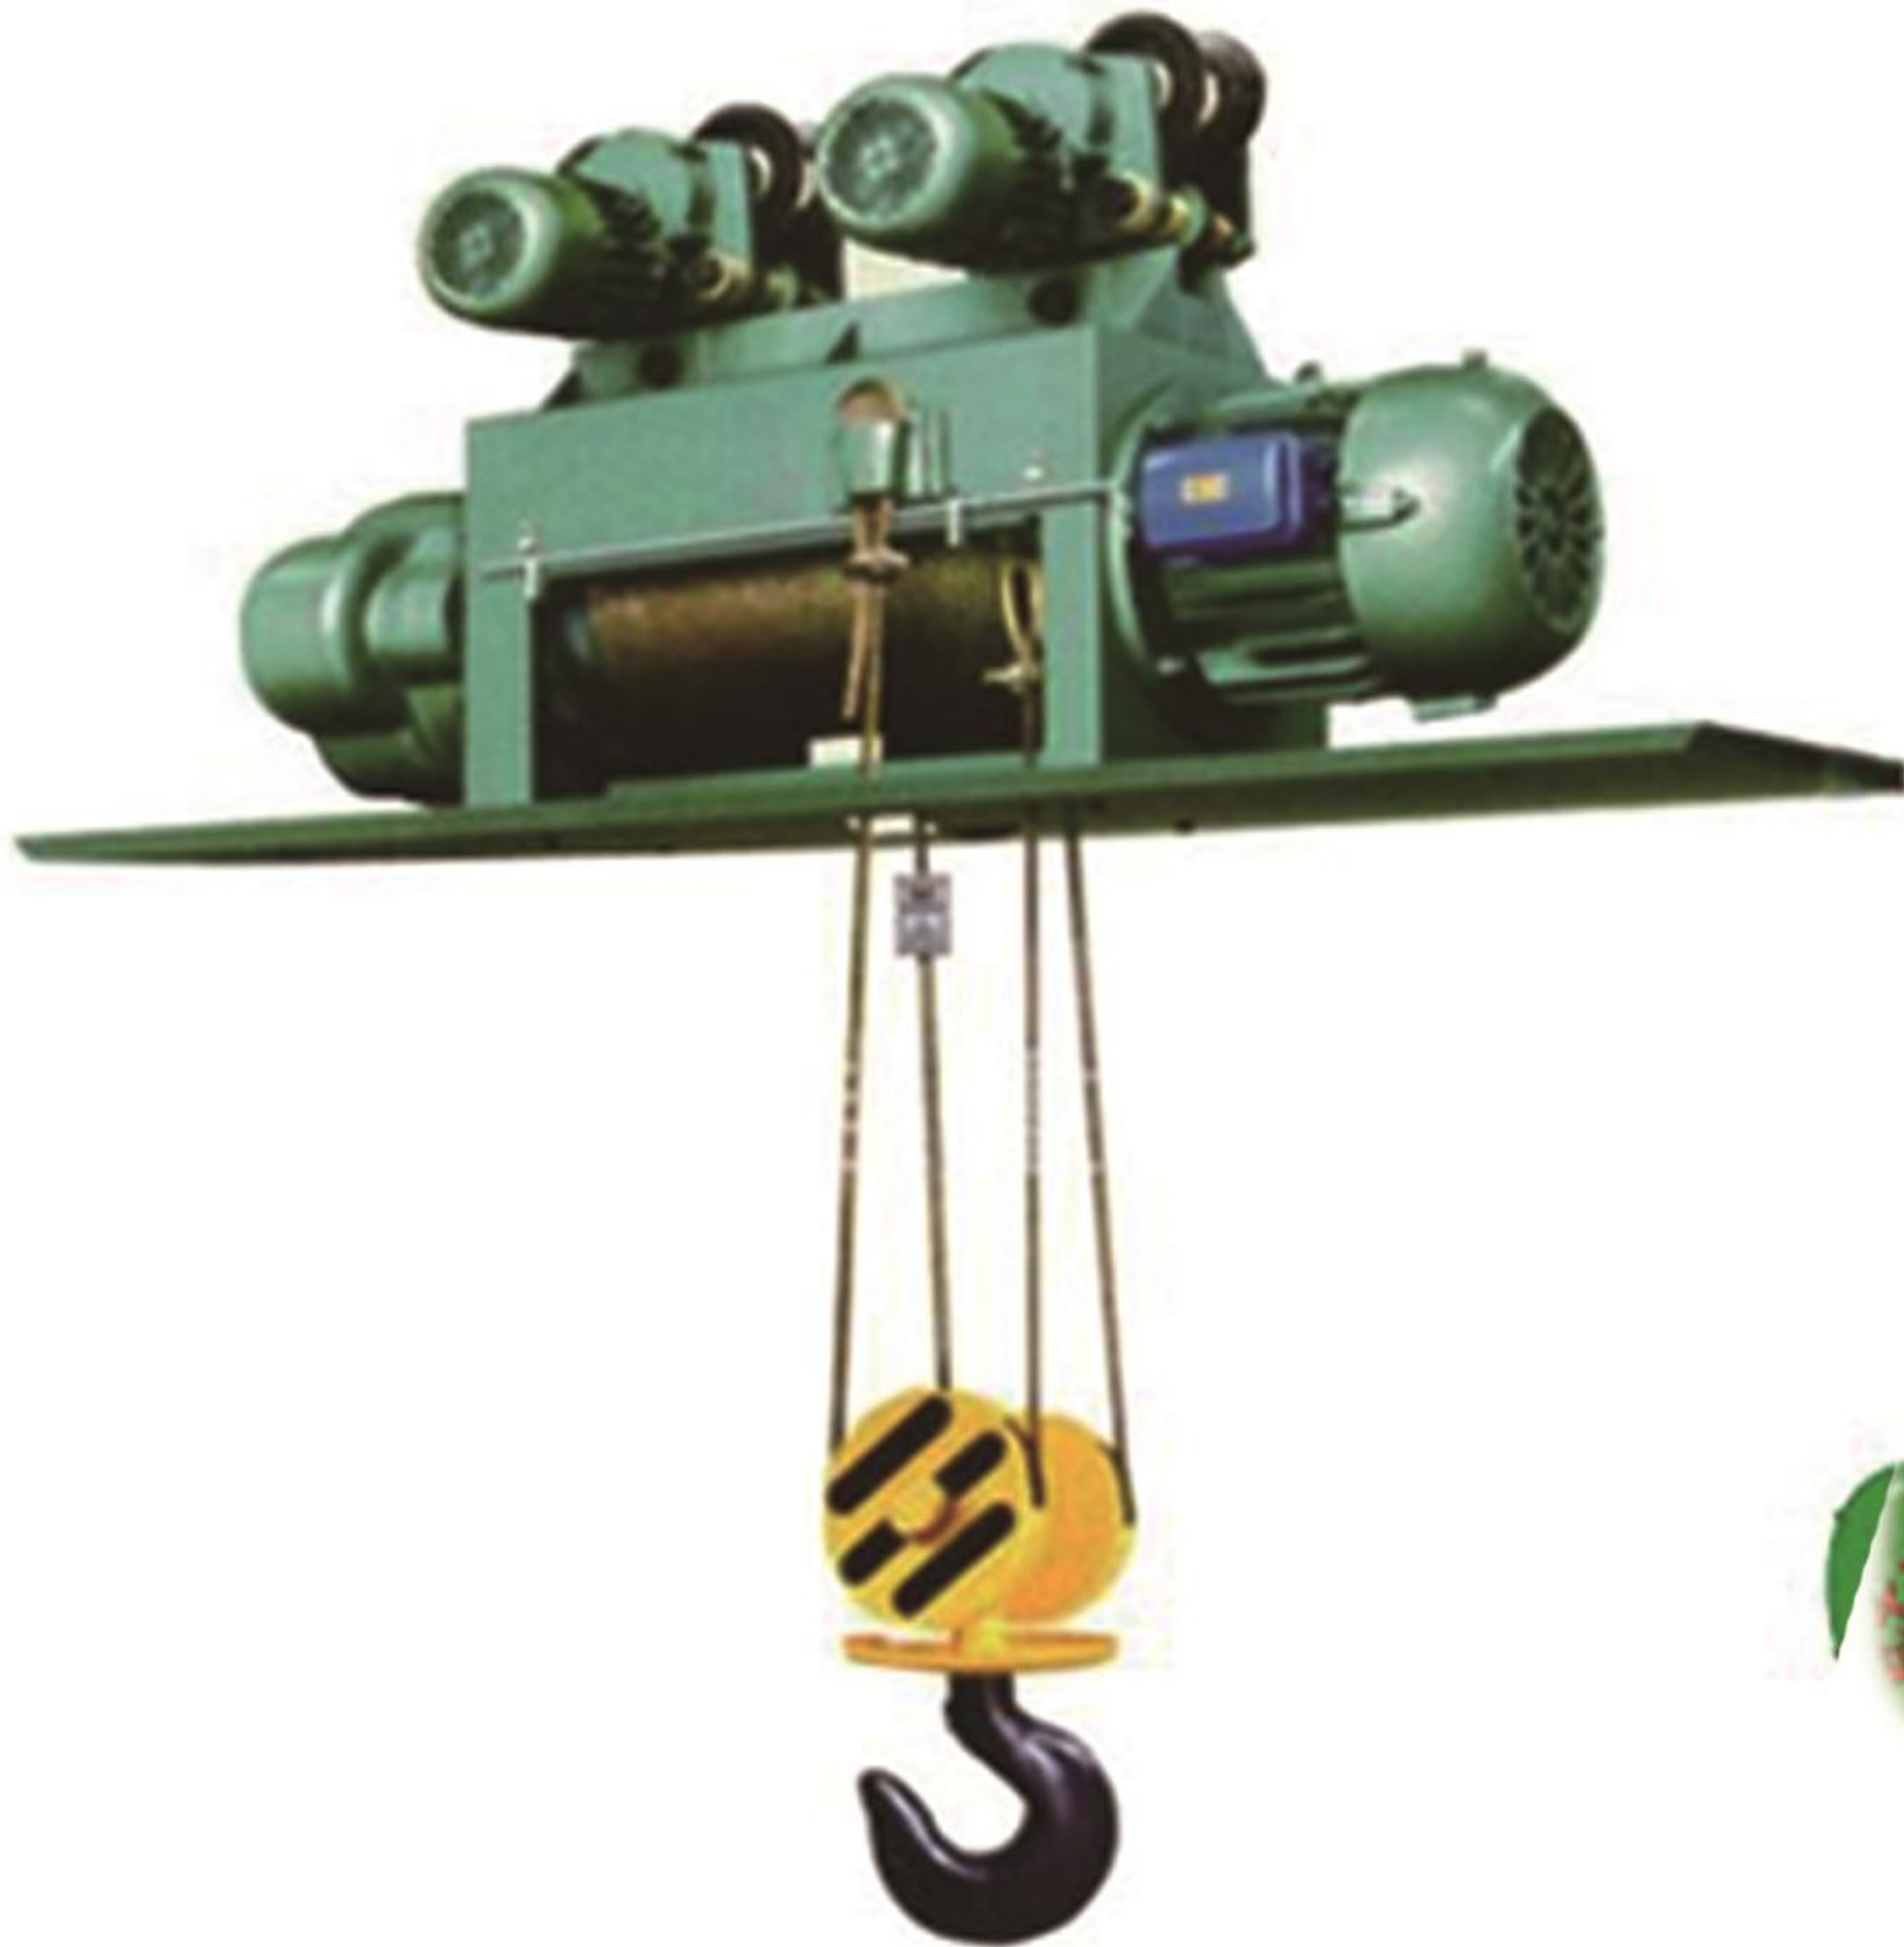

Hydraulic muti-flap grab

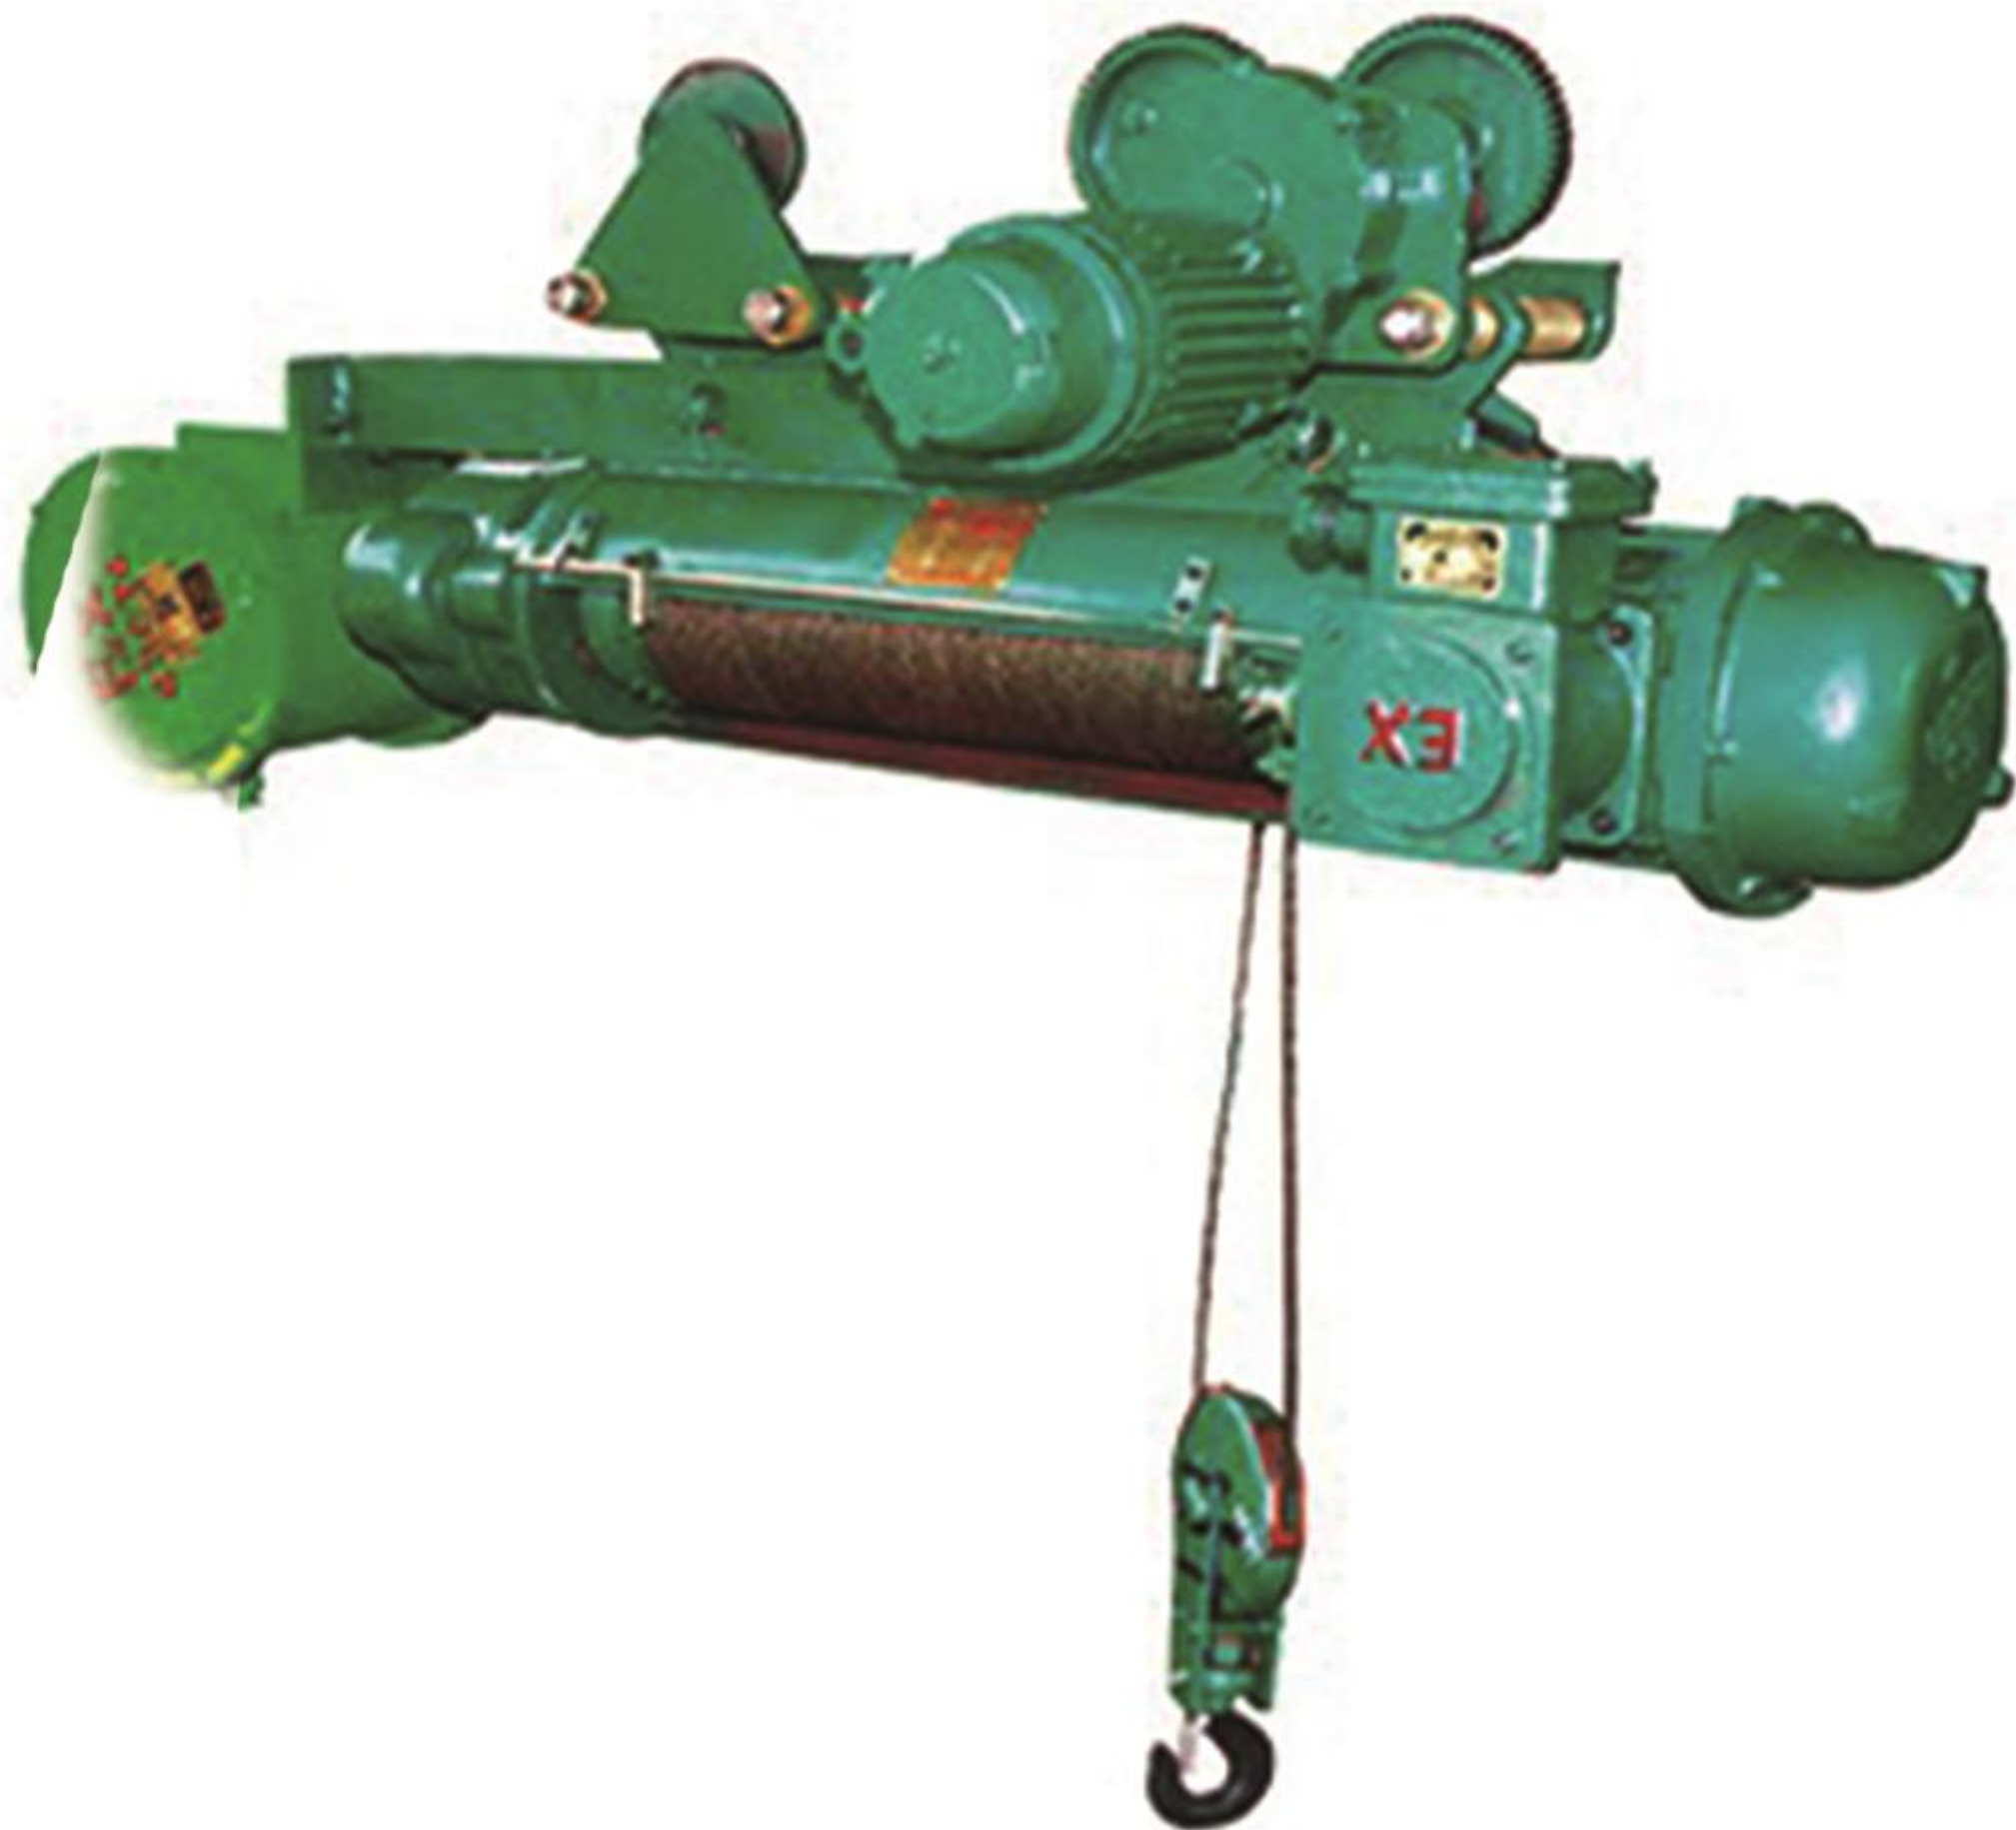

CD wire rope electric hoist

MD wire rope electric hoist

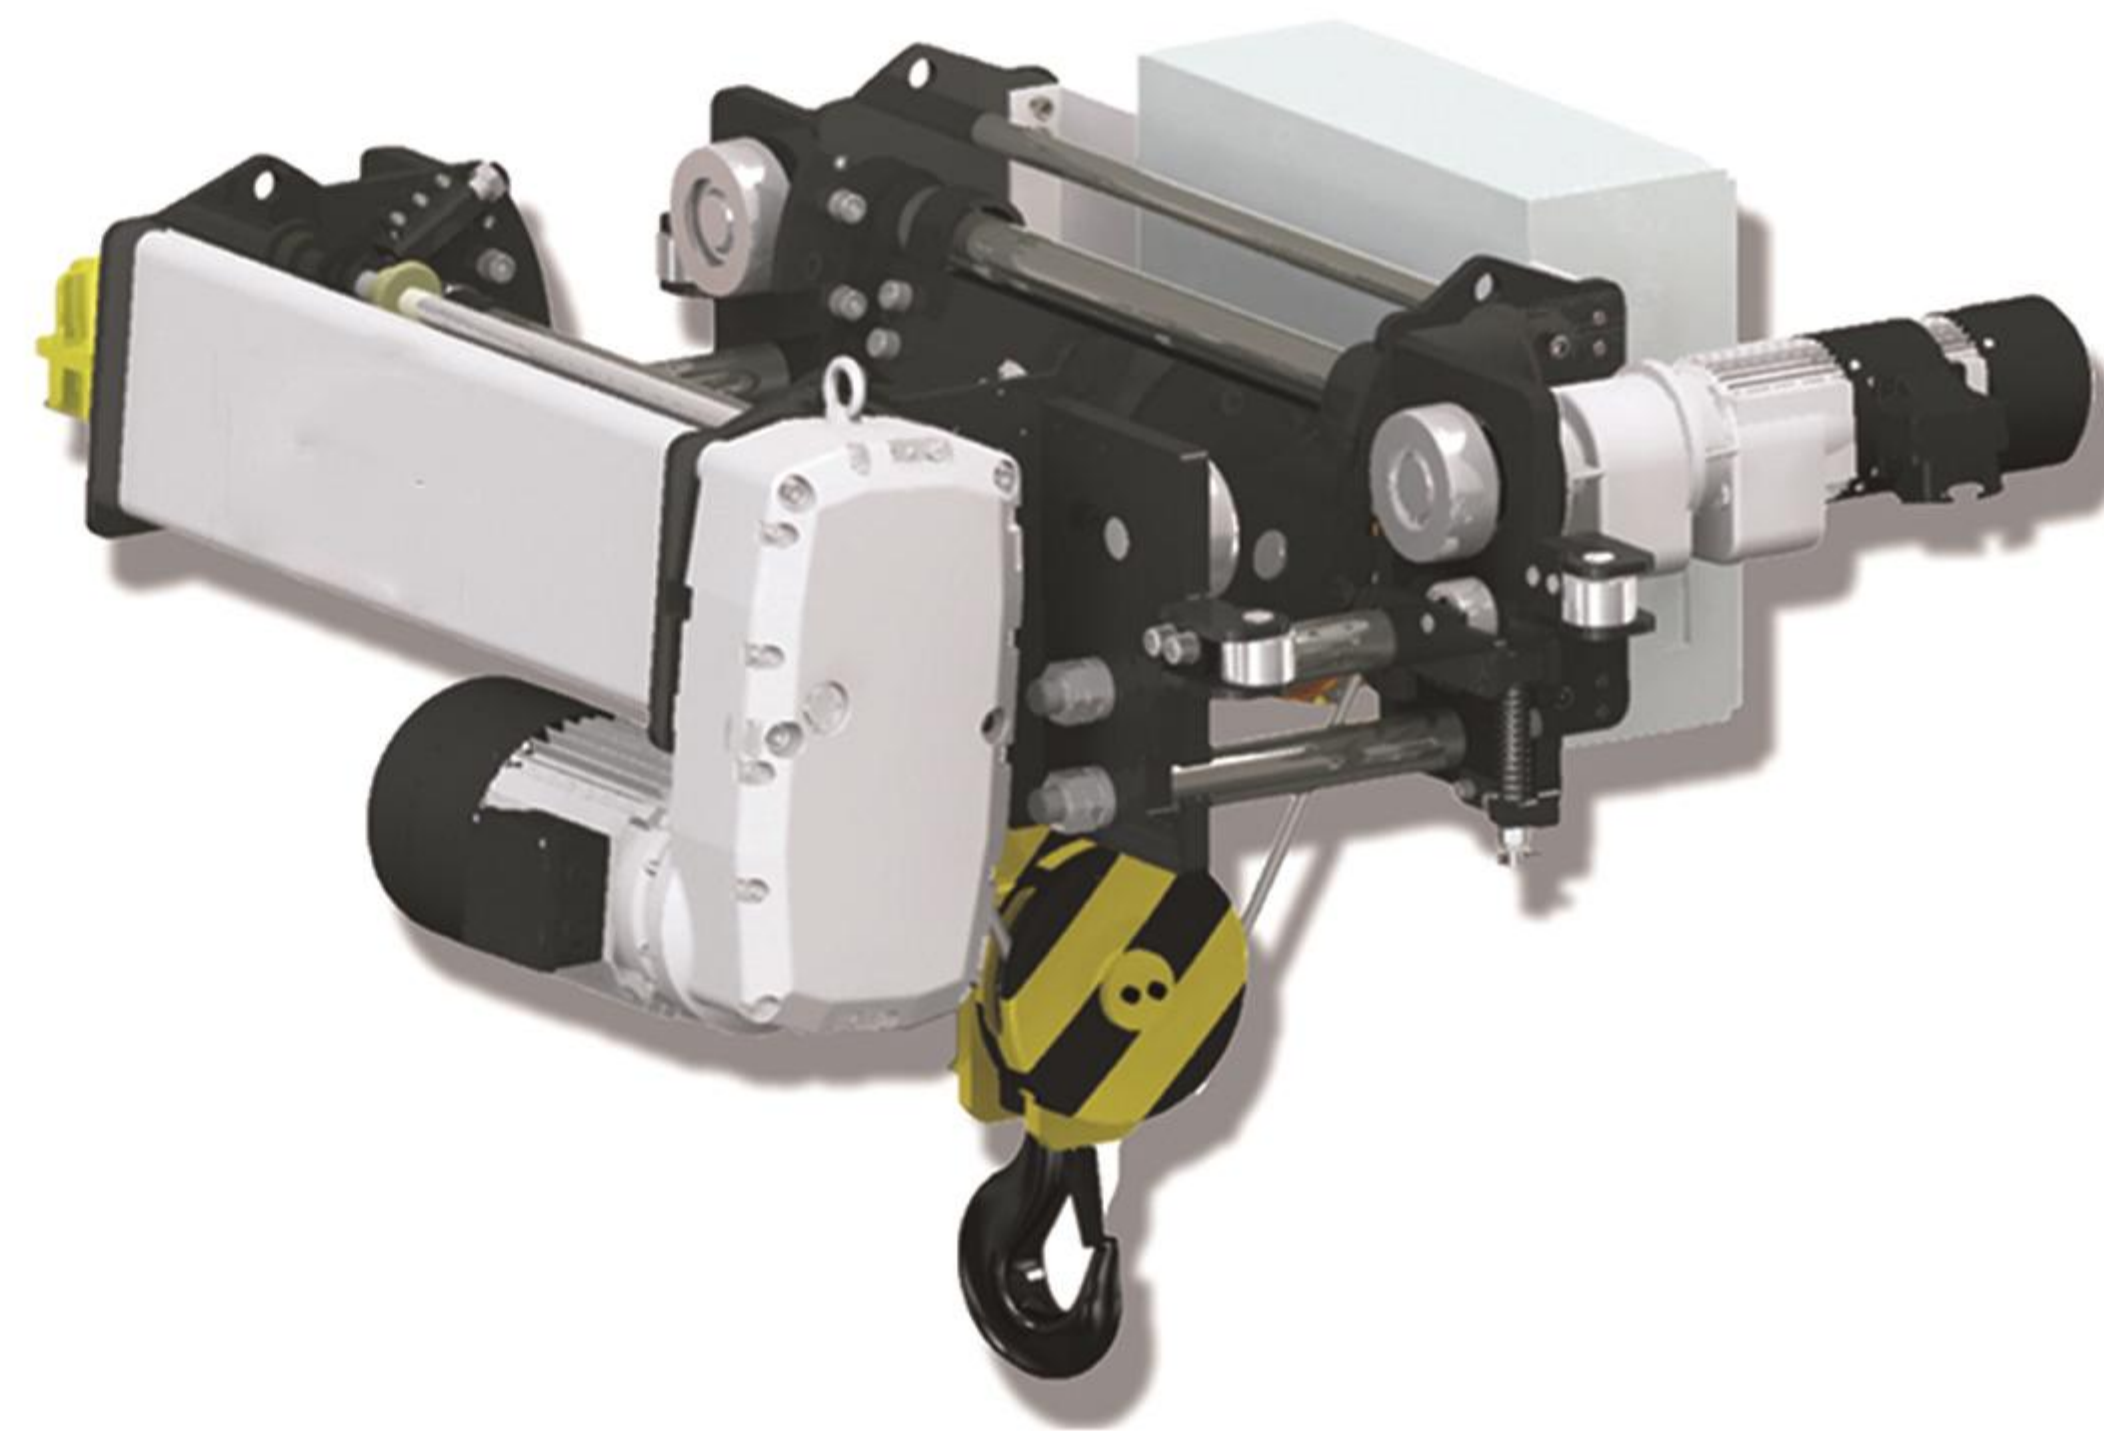

Metallurgical Electric Hoist

Explosion proof electric hoist

SWF electric chain hoist

European electric single beam hoist

SWF wire rope electric hoist

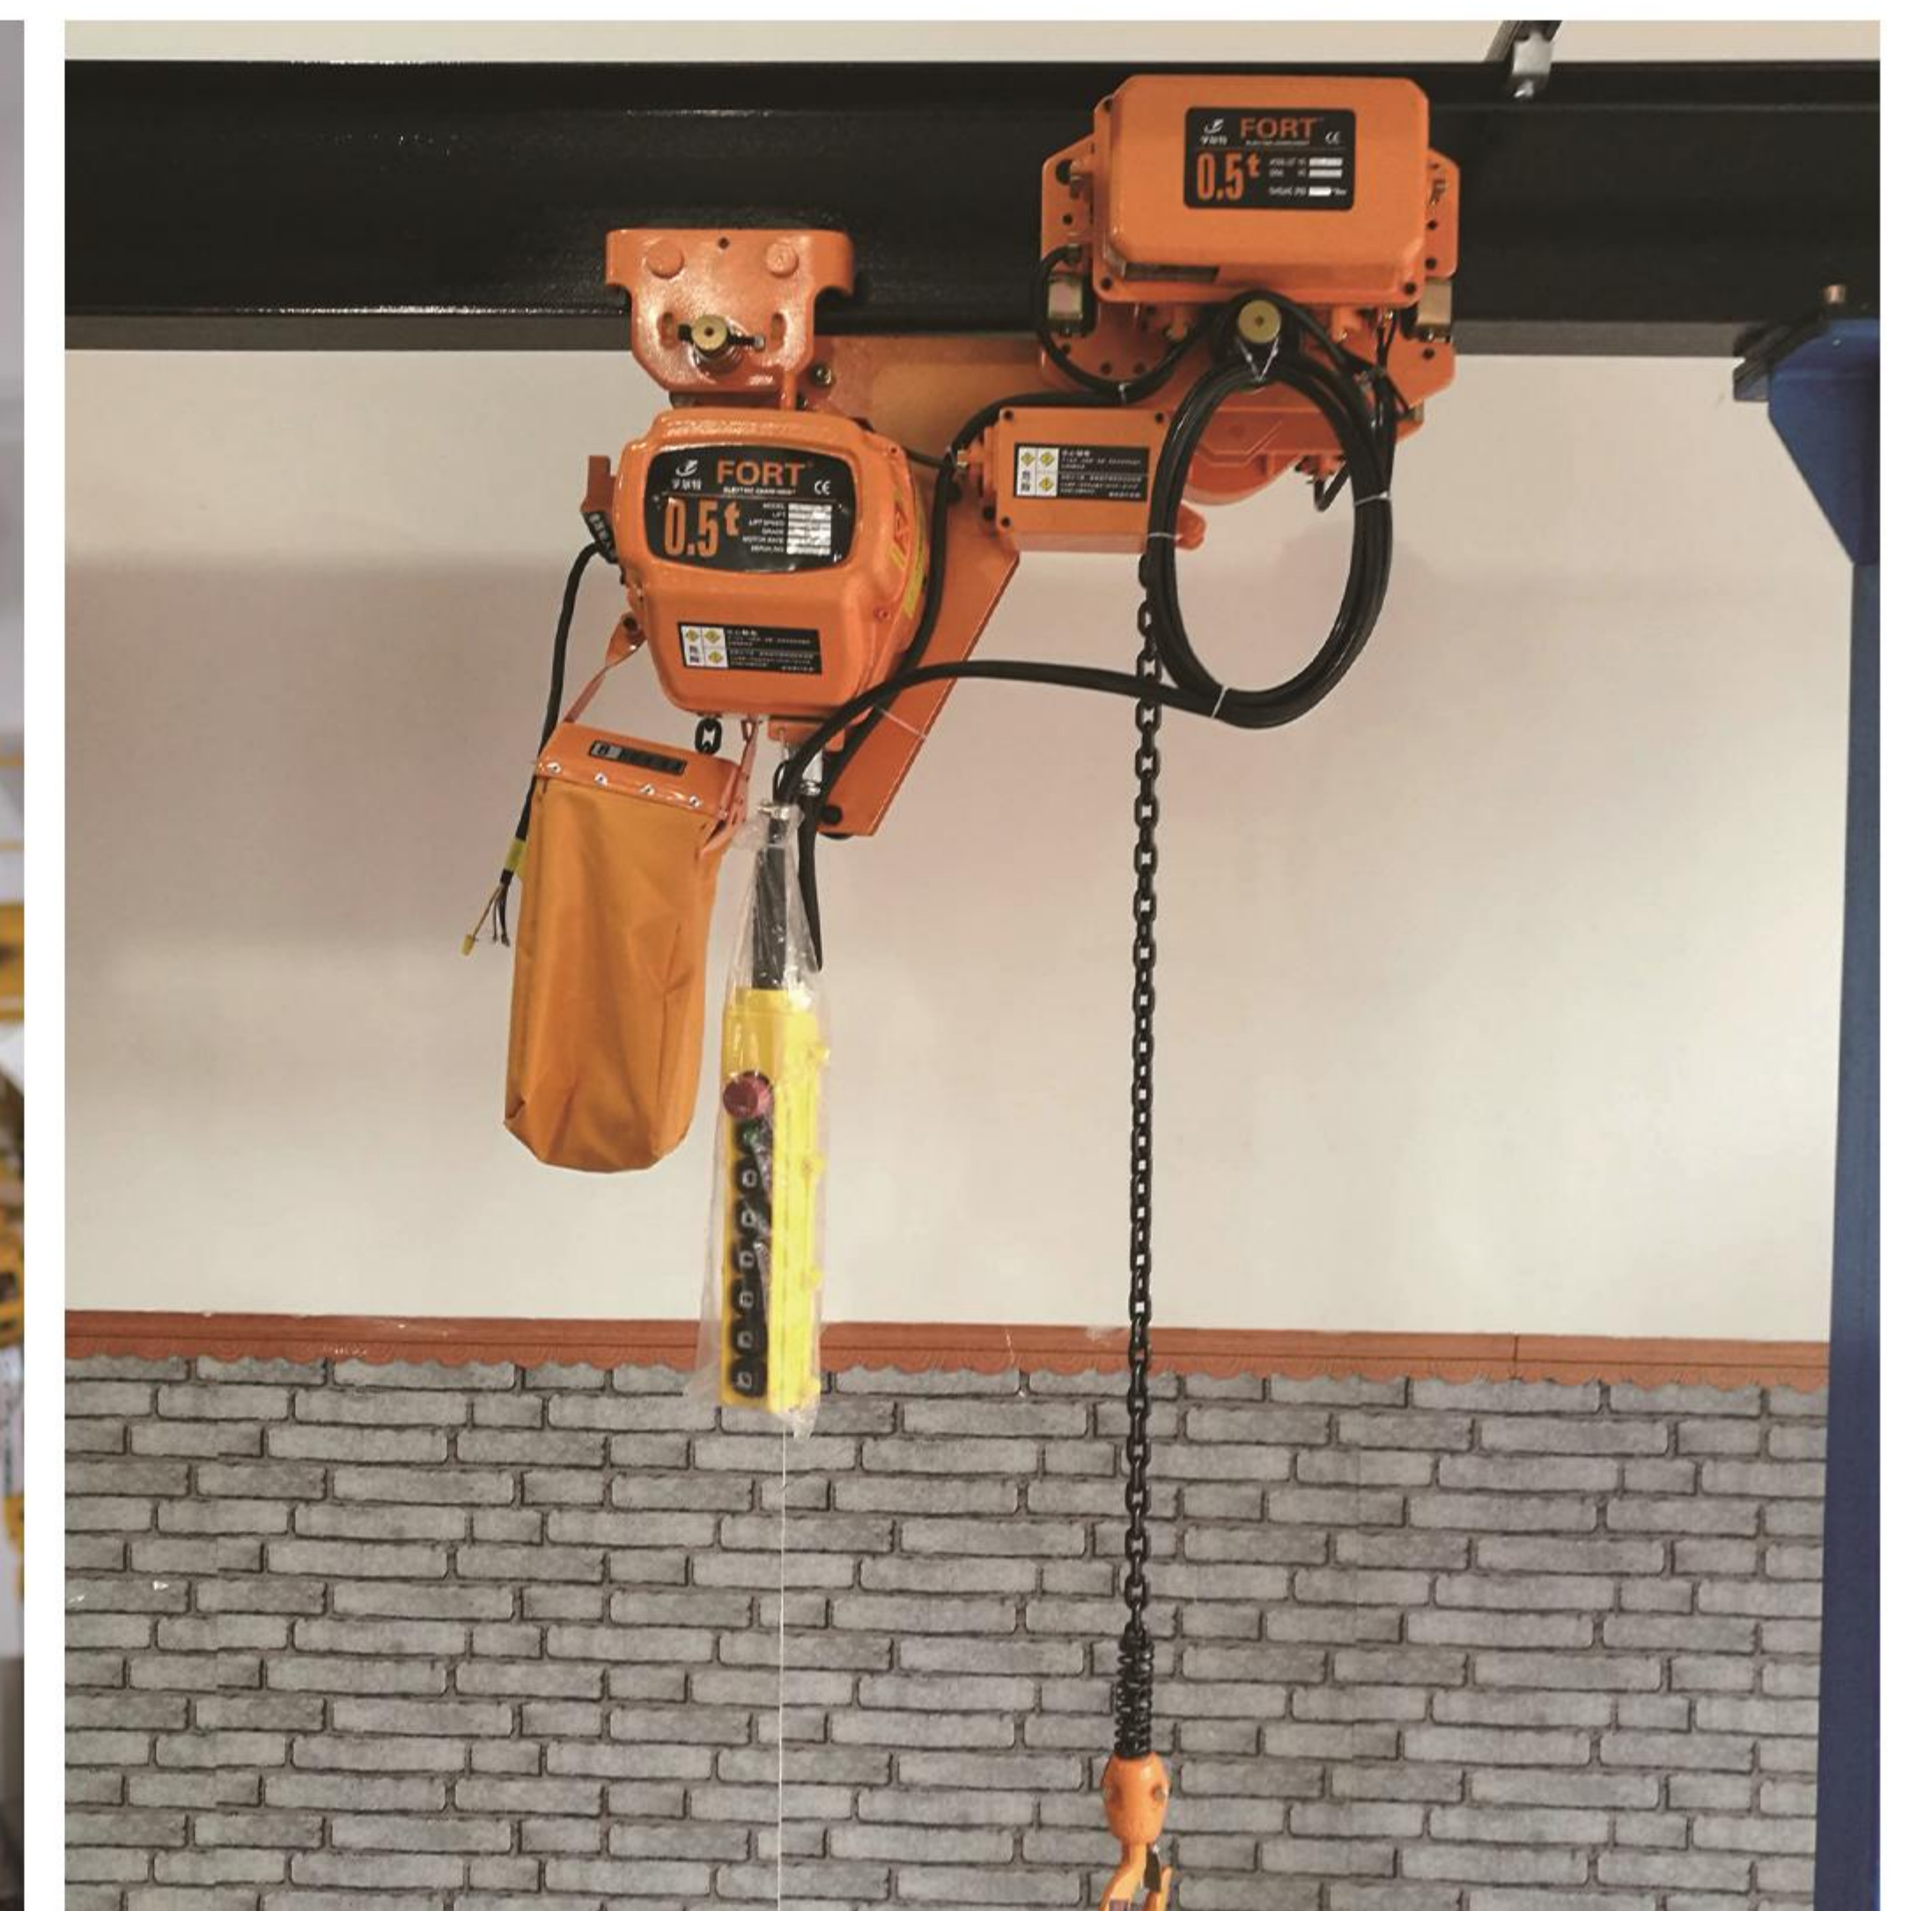

European electric double beam hoist

Trolley type electric chain hoist

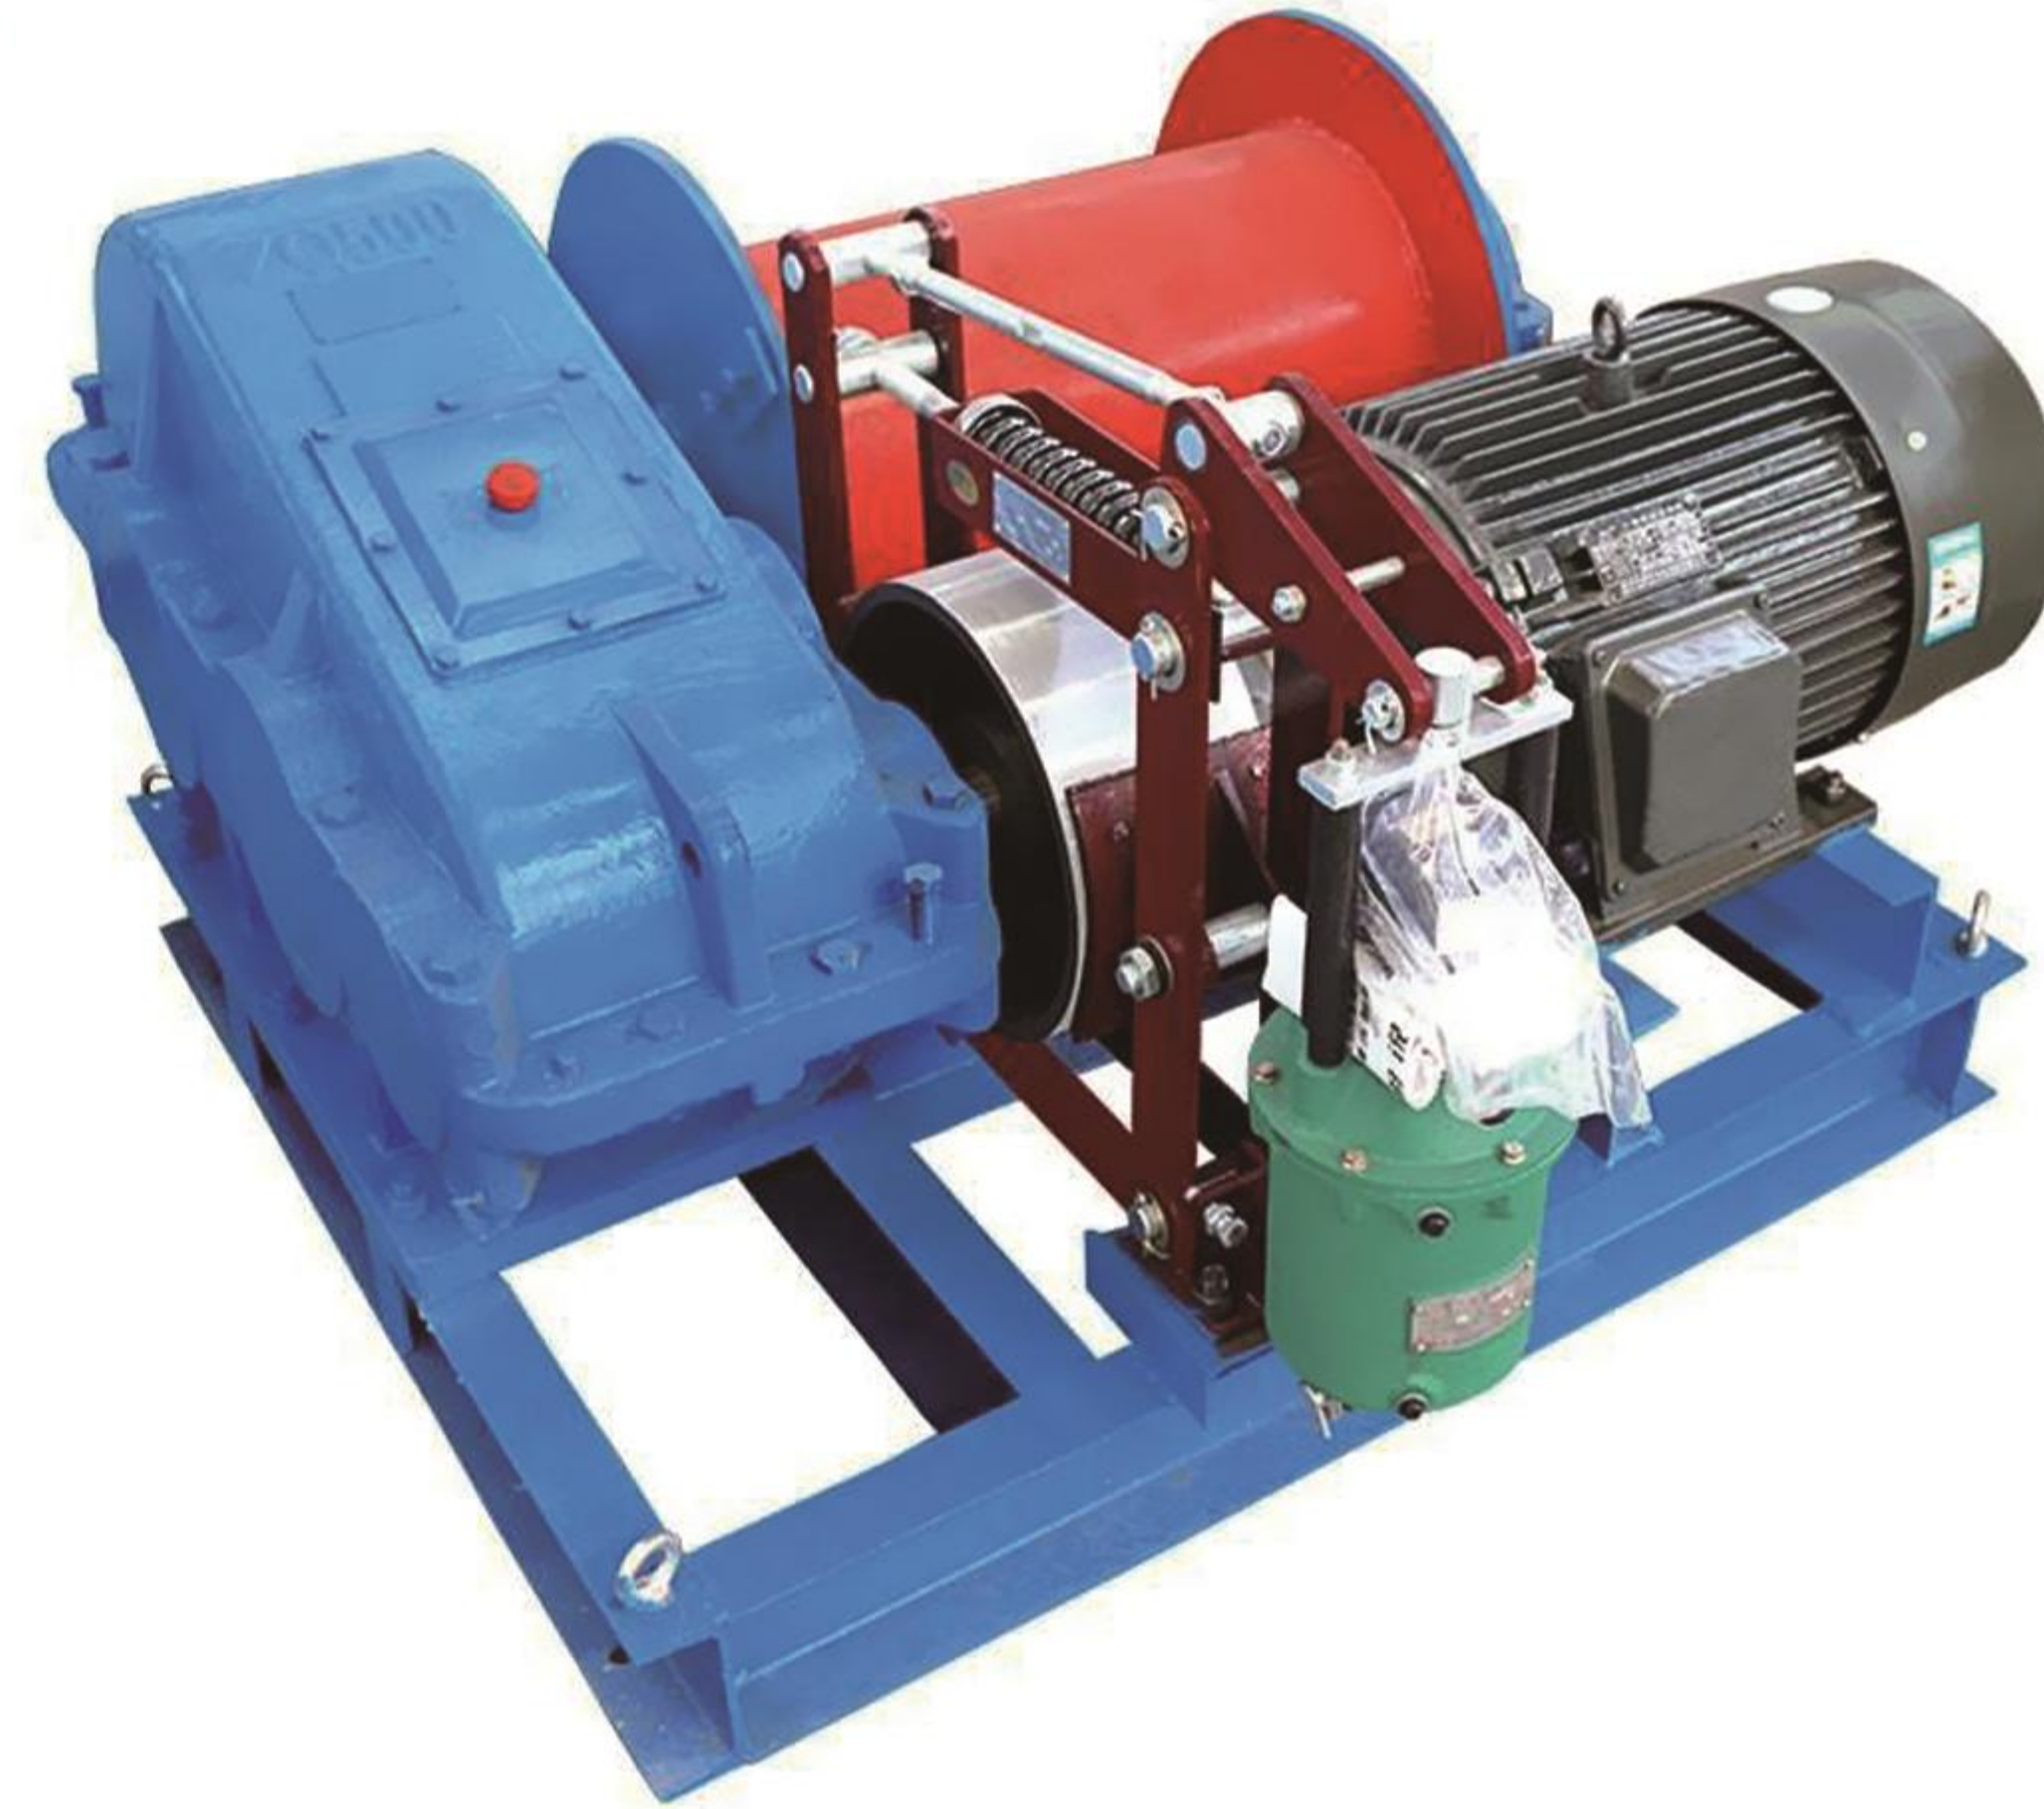

Fixed type electric chain hoist

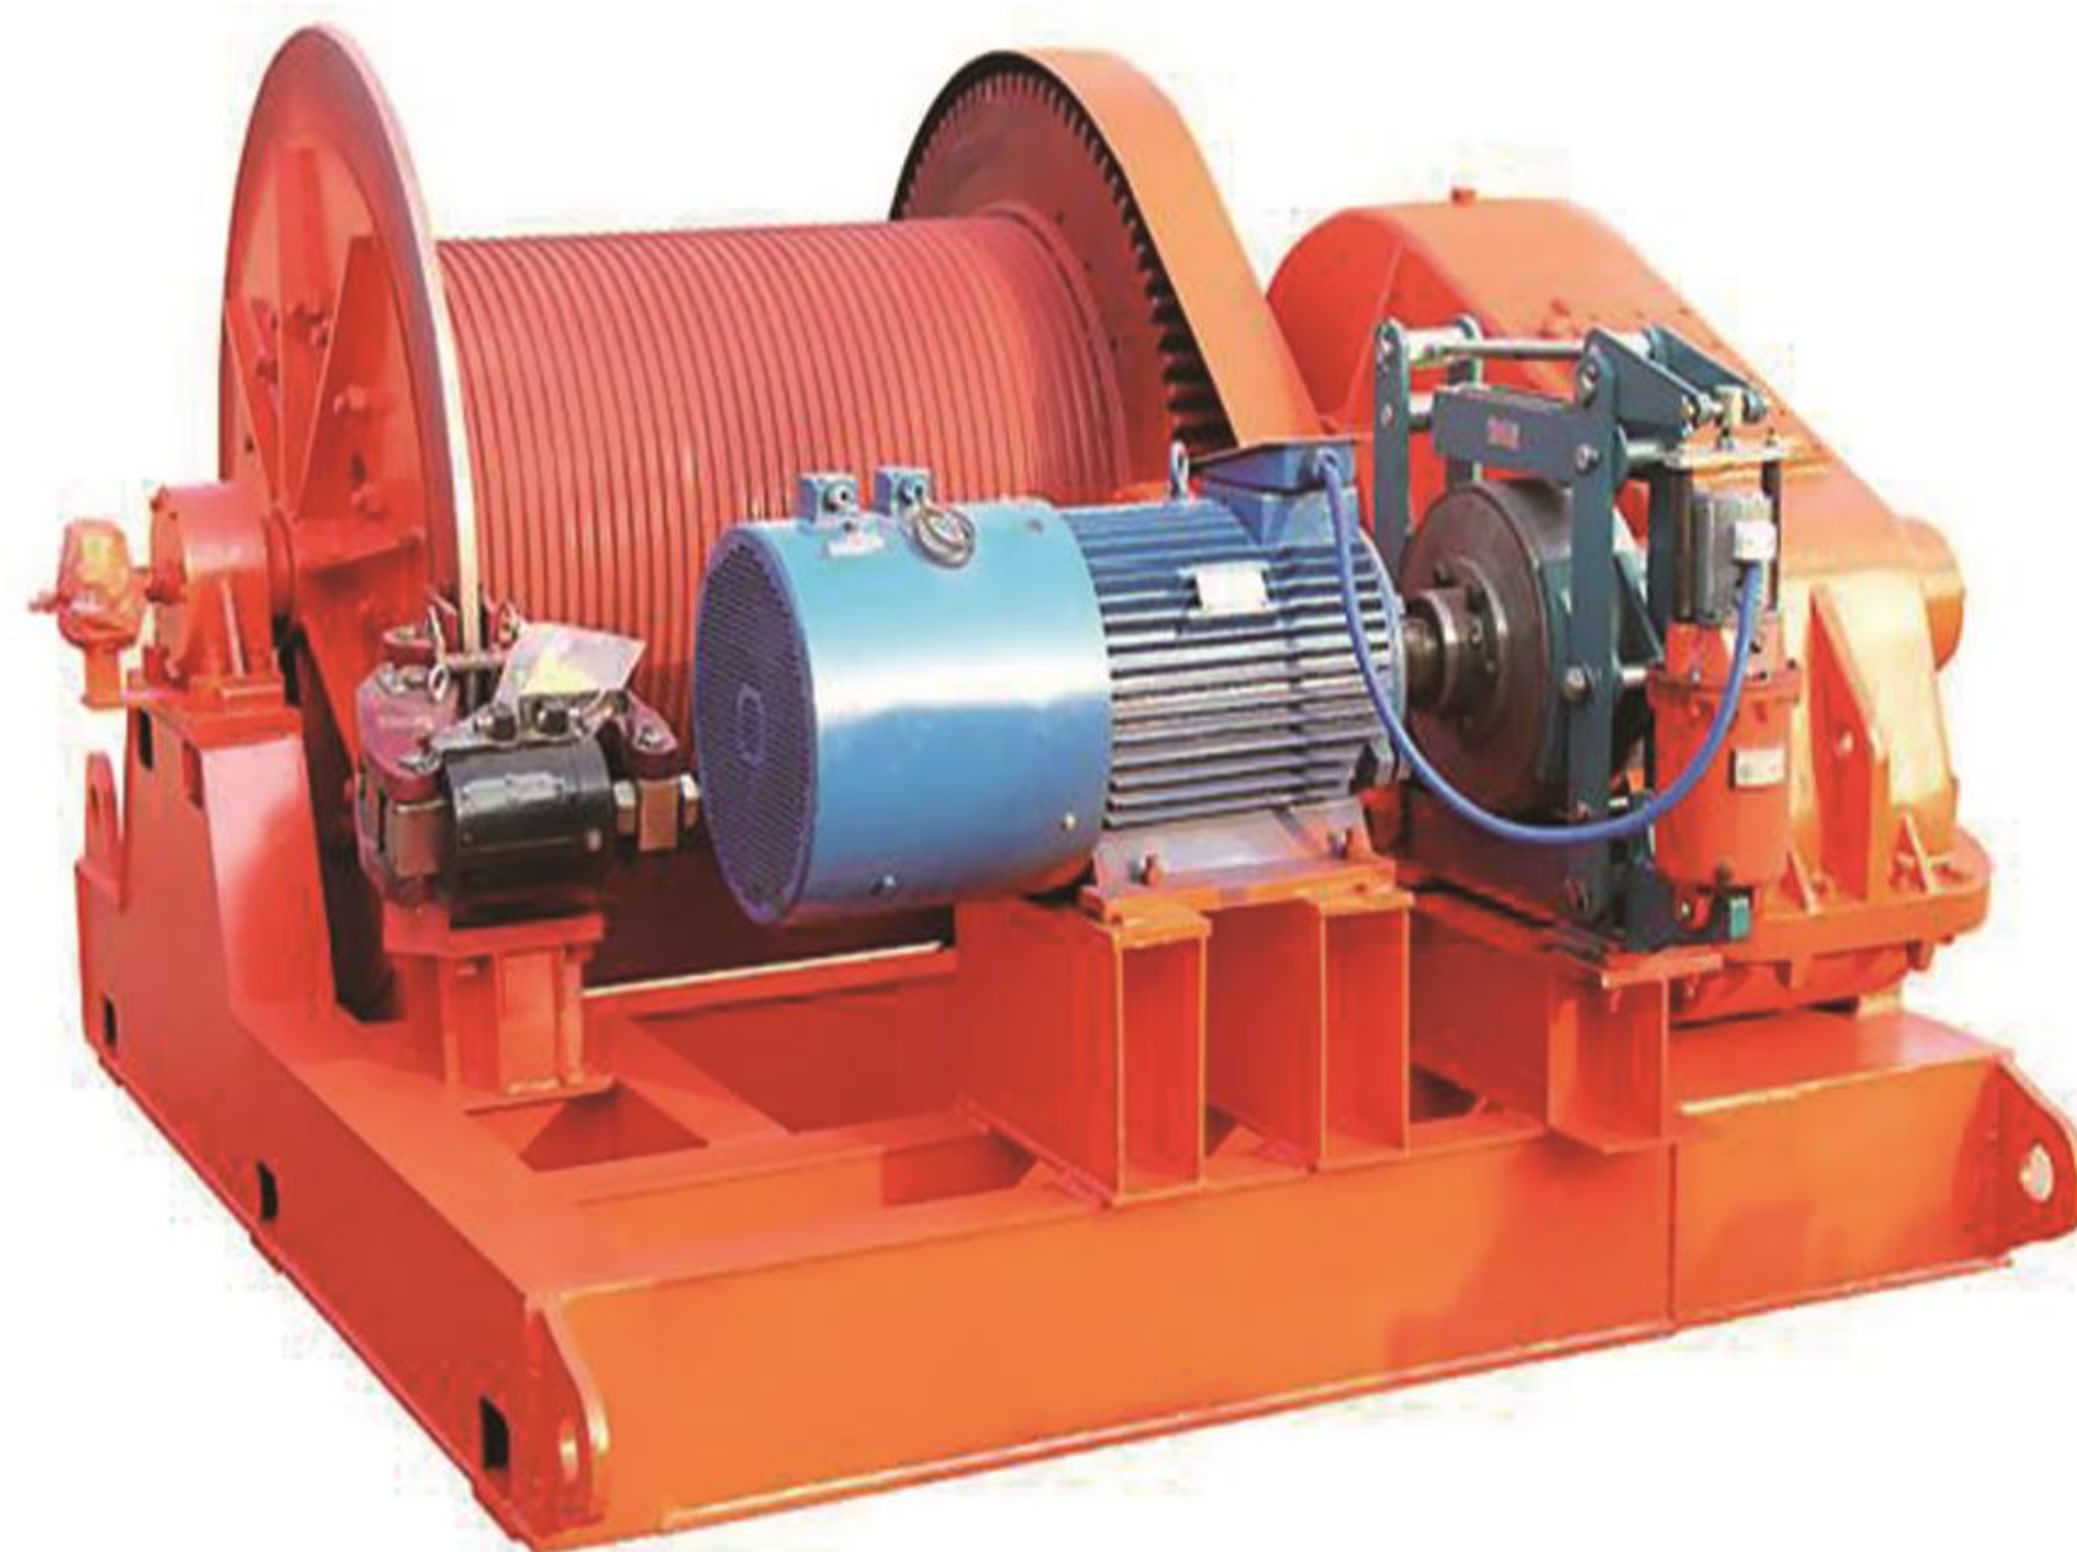

Low clearance type electric chain hoist

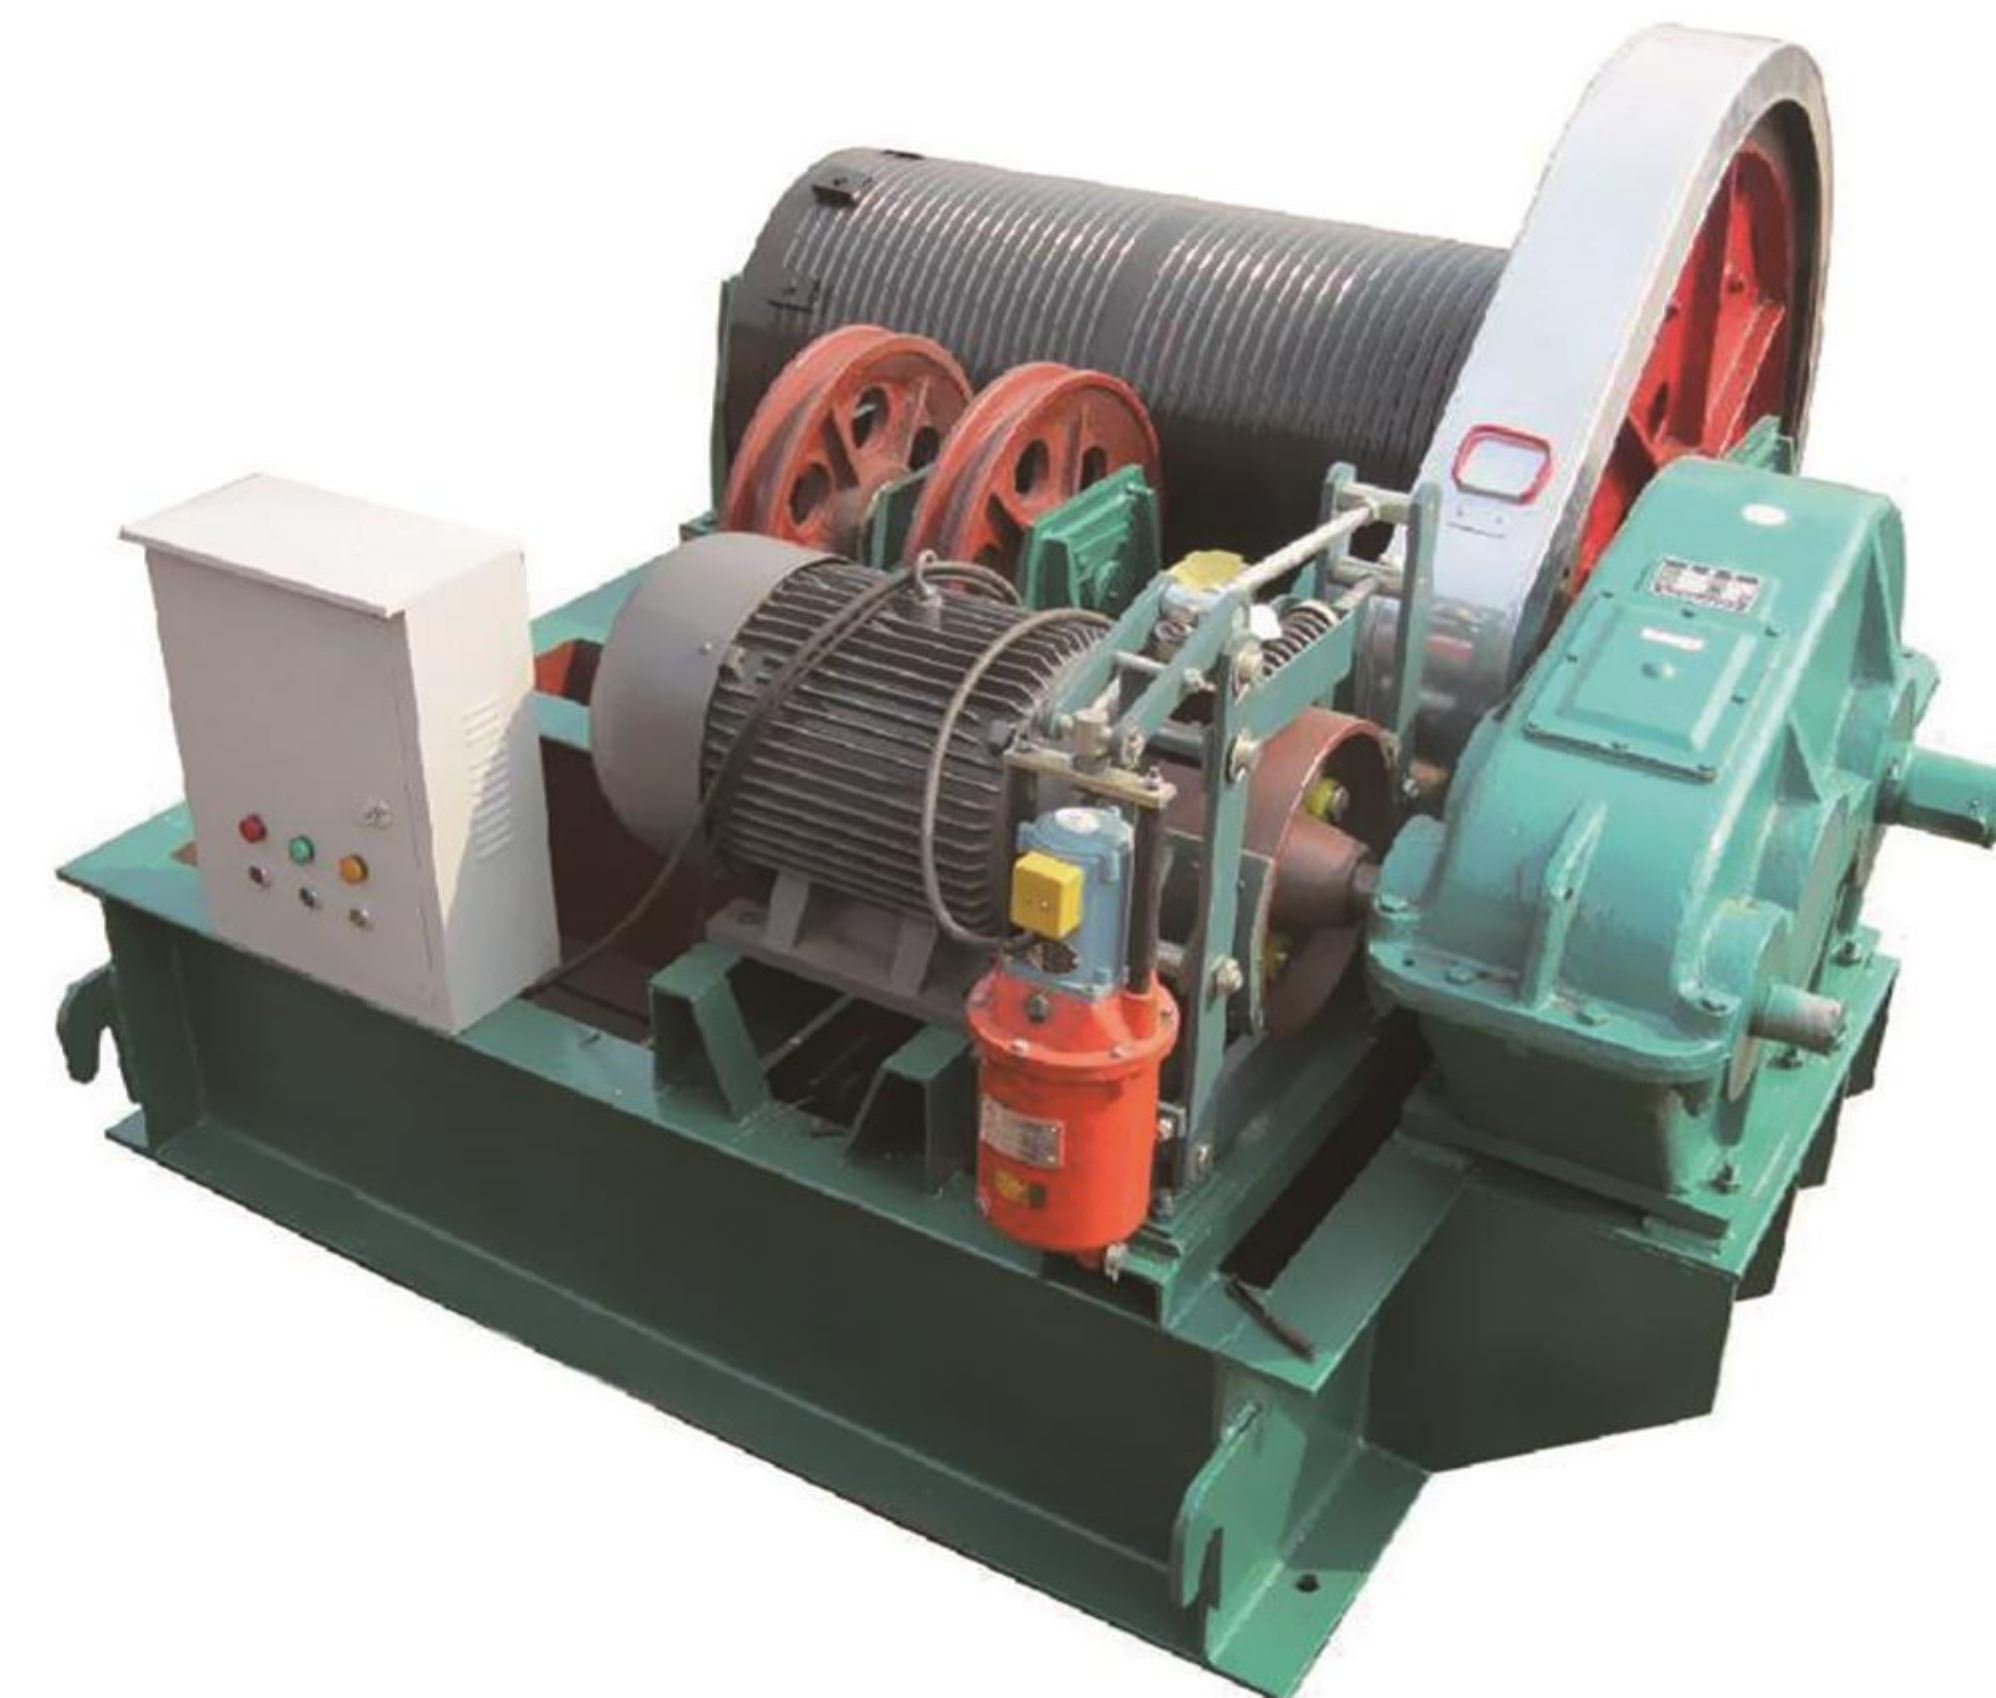

JK Type electric winch

JM Type electric winch

JMM Type electric winch

QPQ Type hoist

AGV Intelligent trackless electric flat carts

KP cable powered electric flat carts

KPX battery powered electric flat carts

Steel ladle electric flat carts

The electric track turntable

F21 series remote control

F23 series remote control

F24 series remote control

F24-60 series remote control

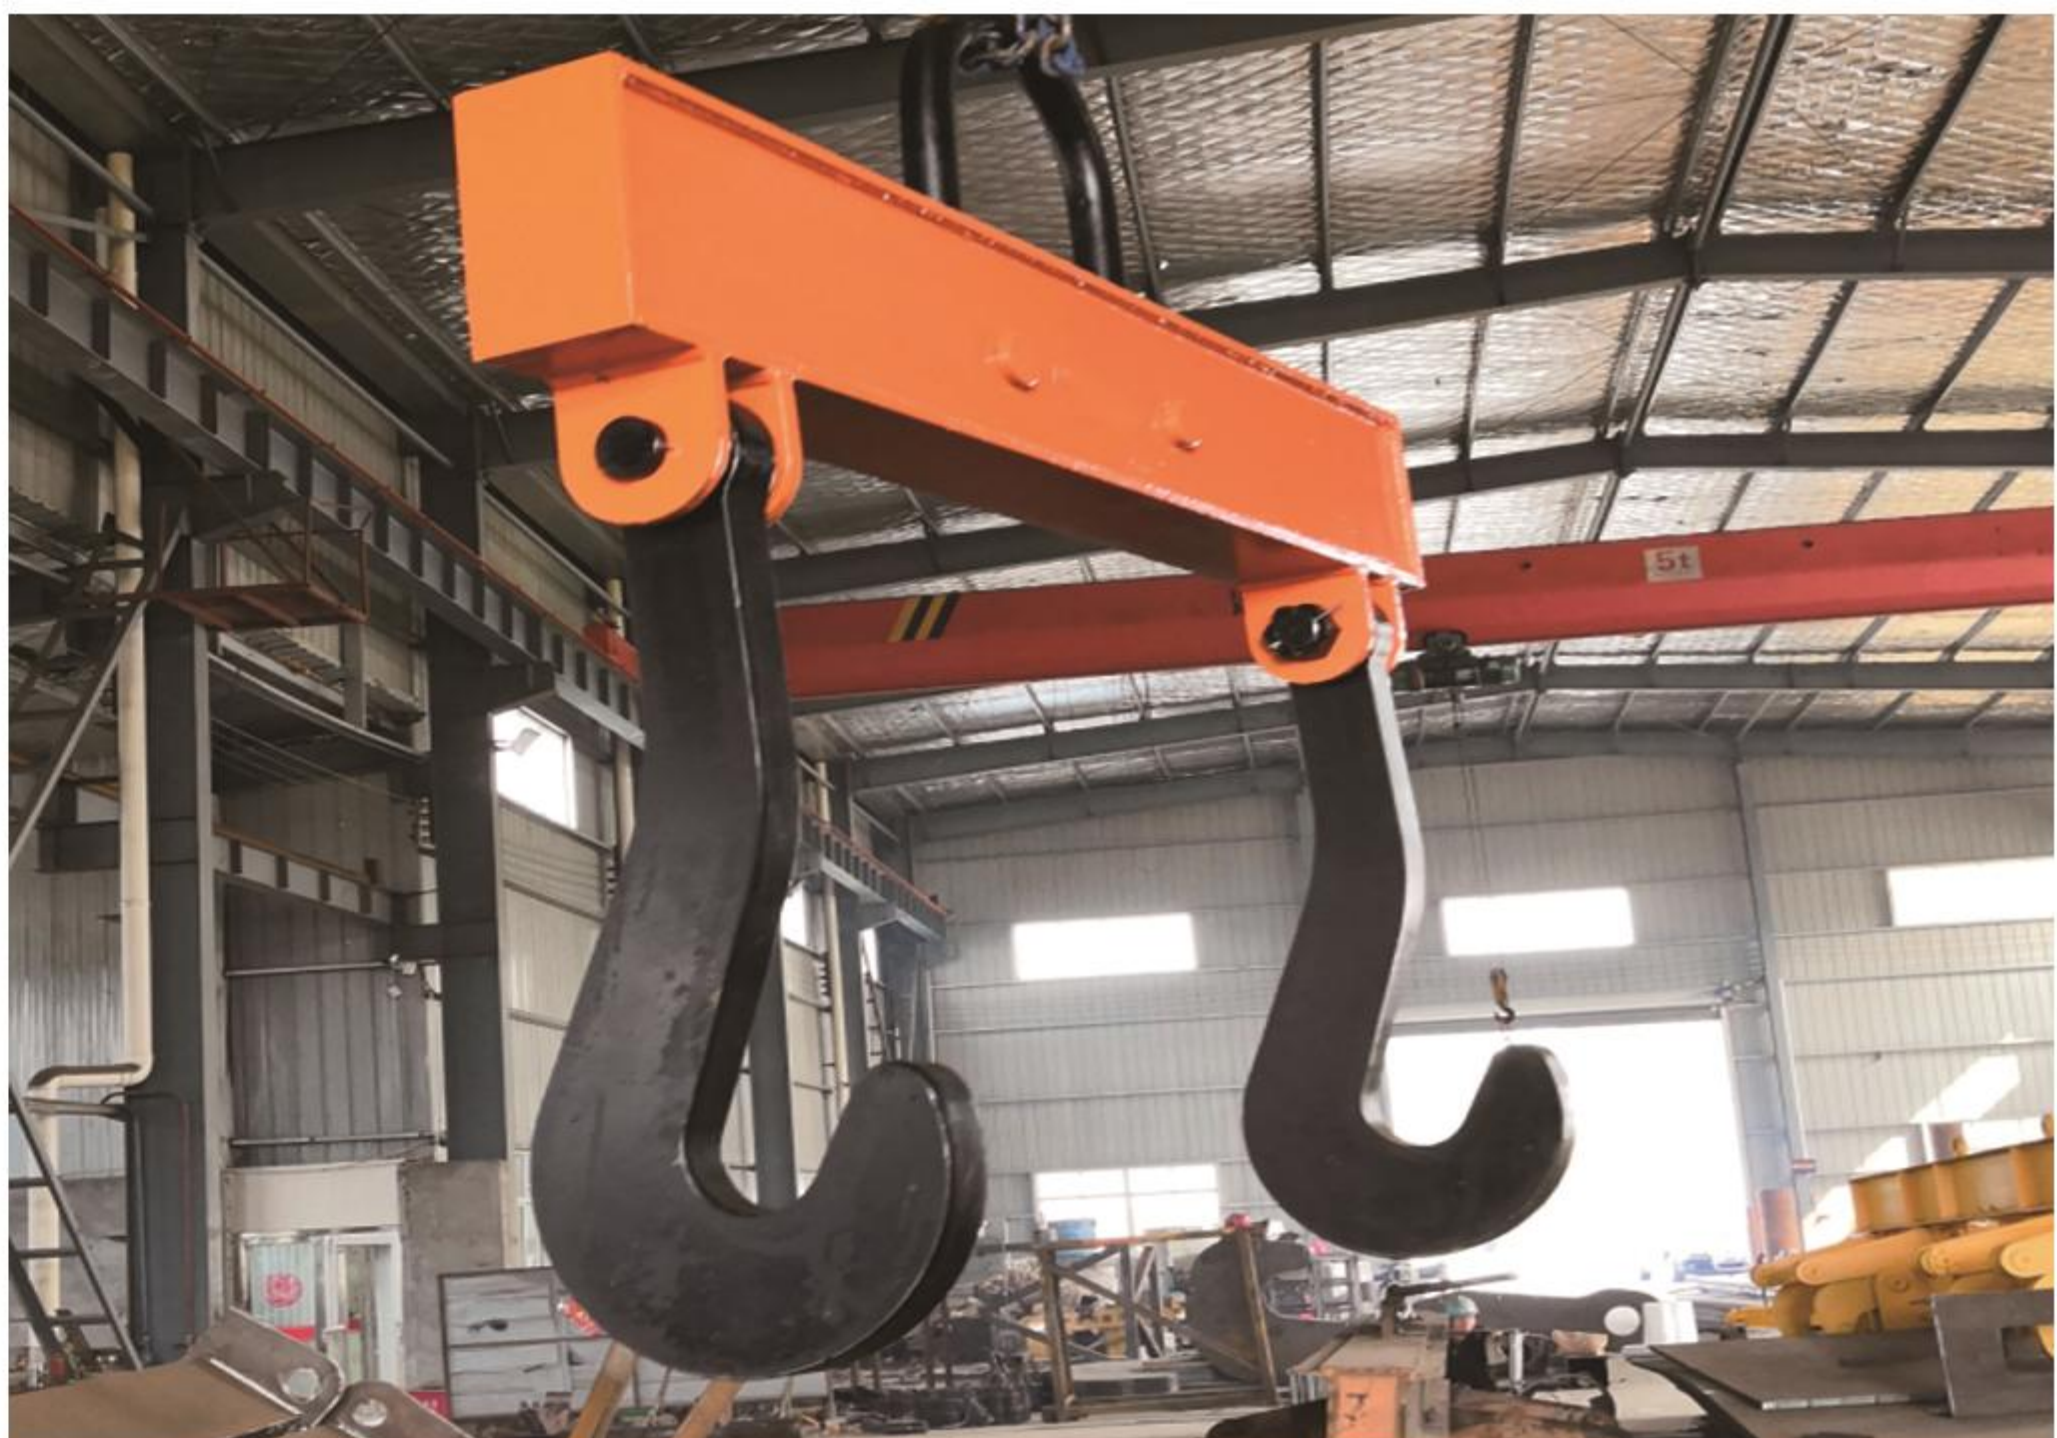

C shape steel coil hook lifter

Crane hook assembly

Steel lifting spreader beam

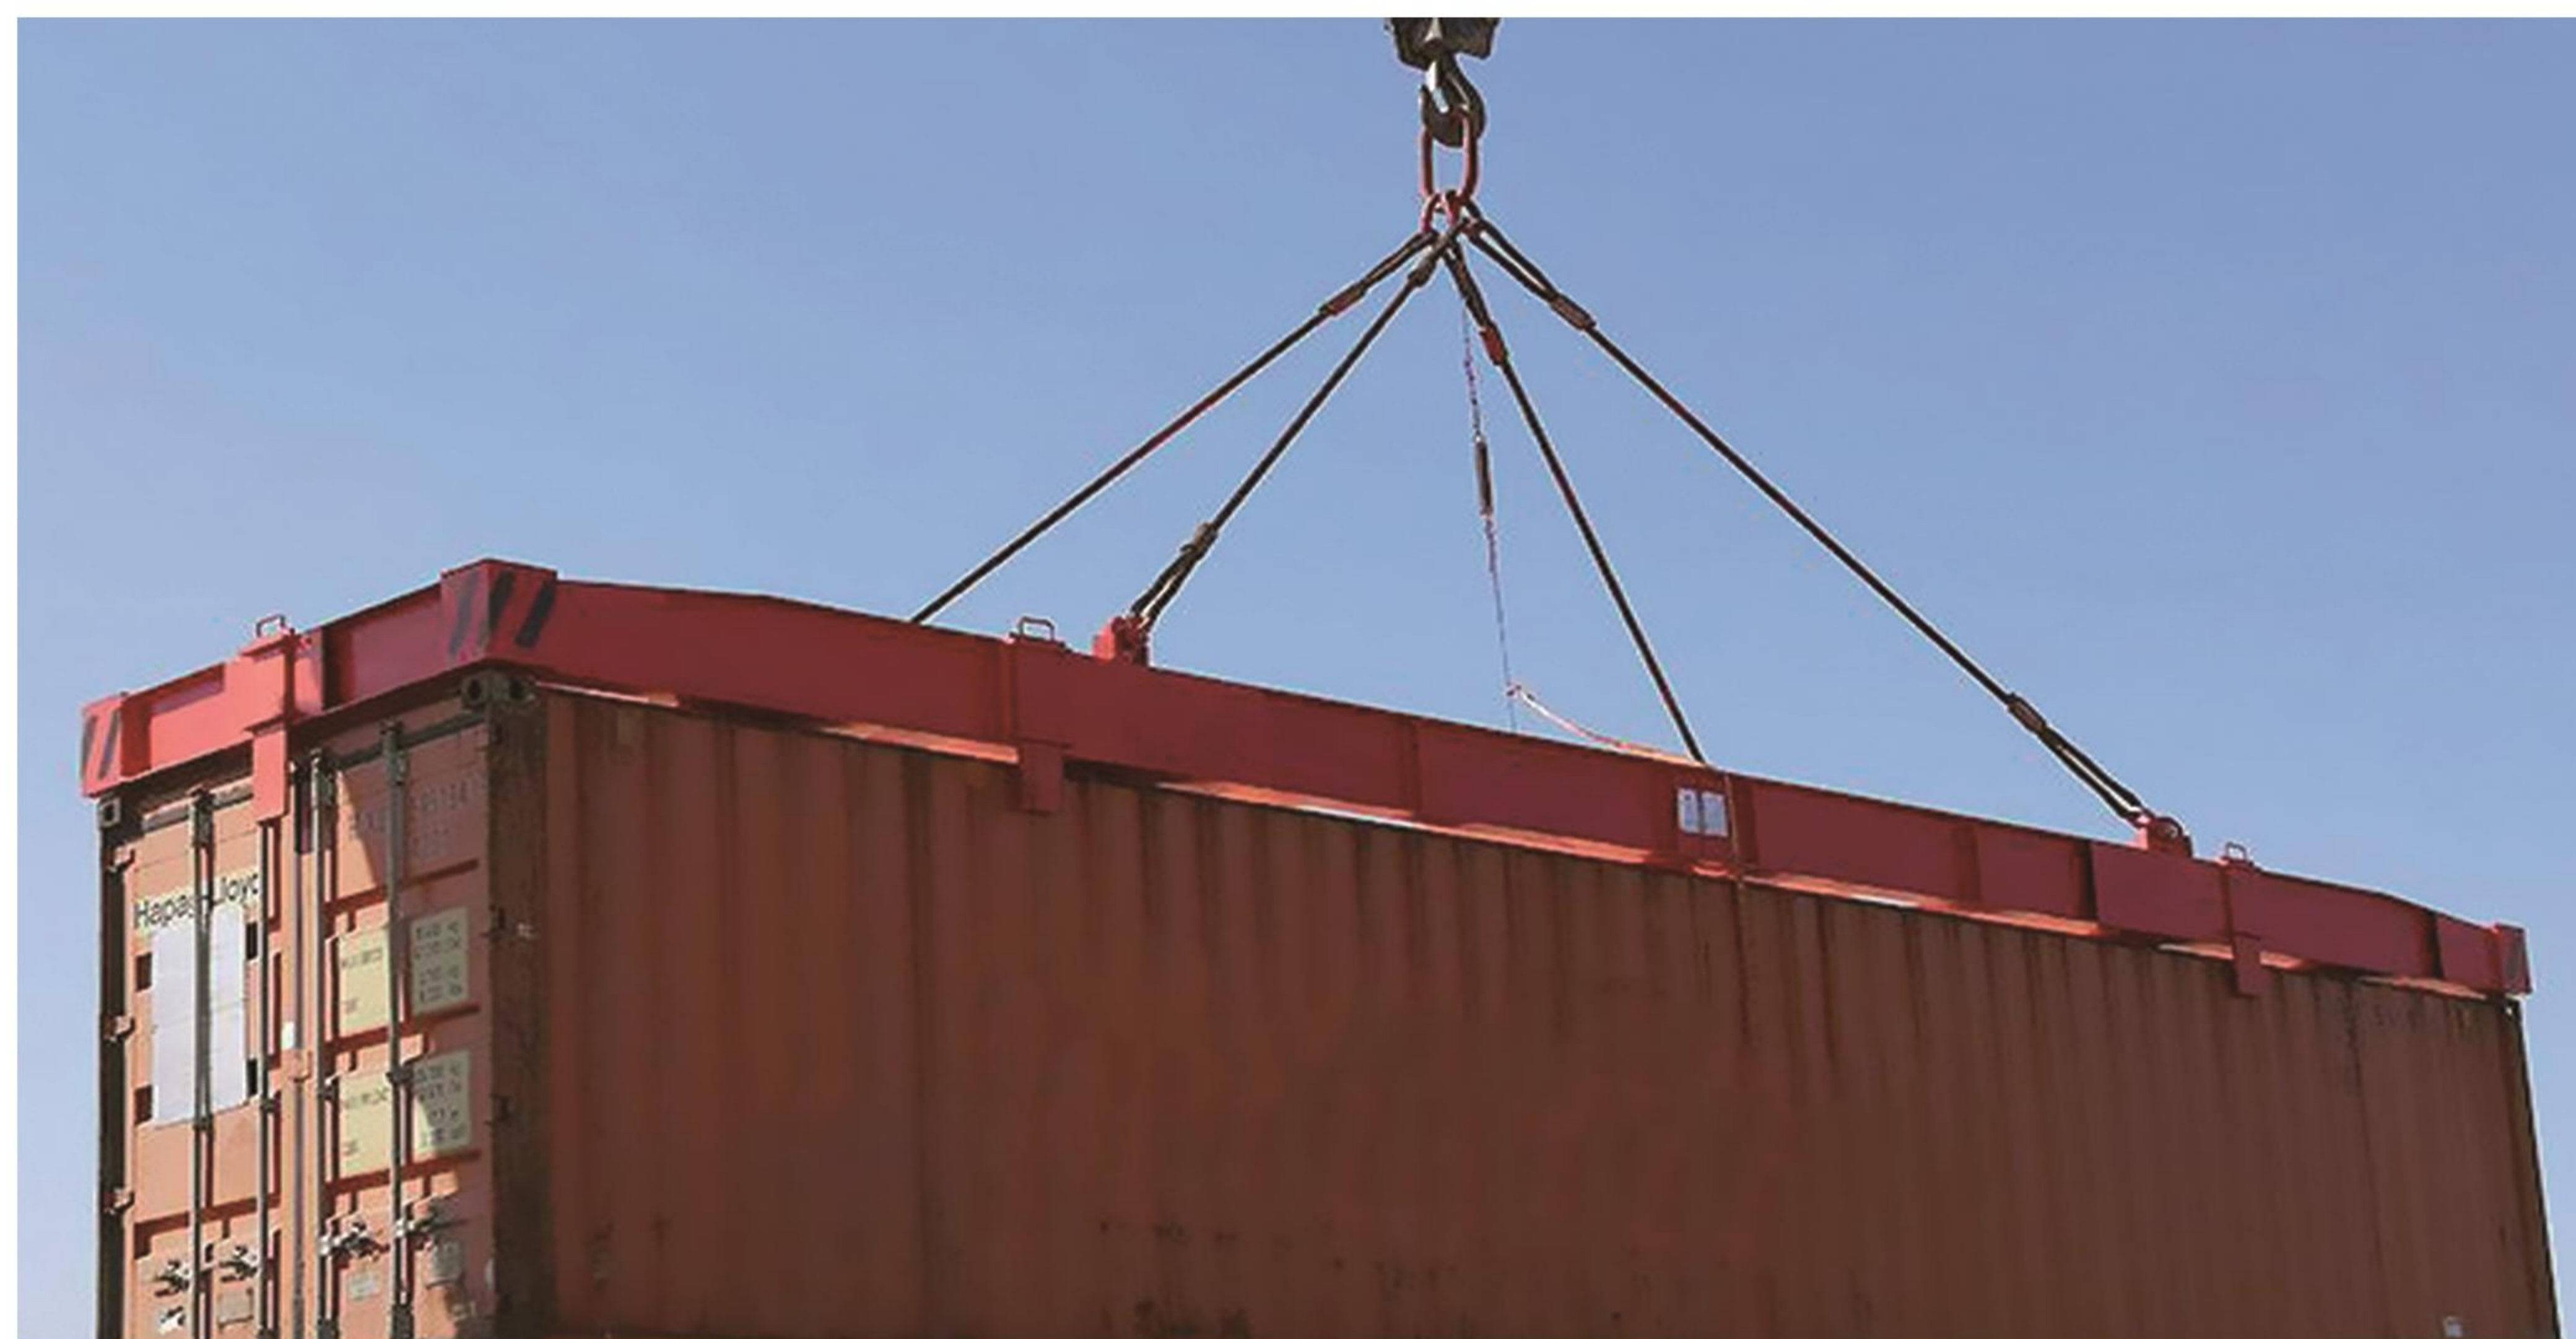

Ladle hook

Balance lifting spreader beam

Container Spreader

Port container lifting spreader

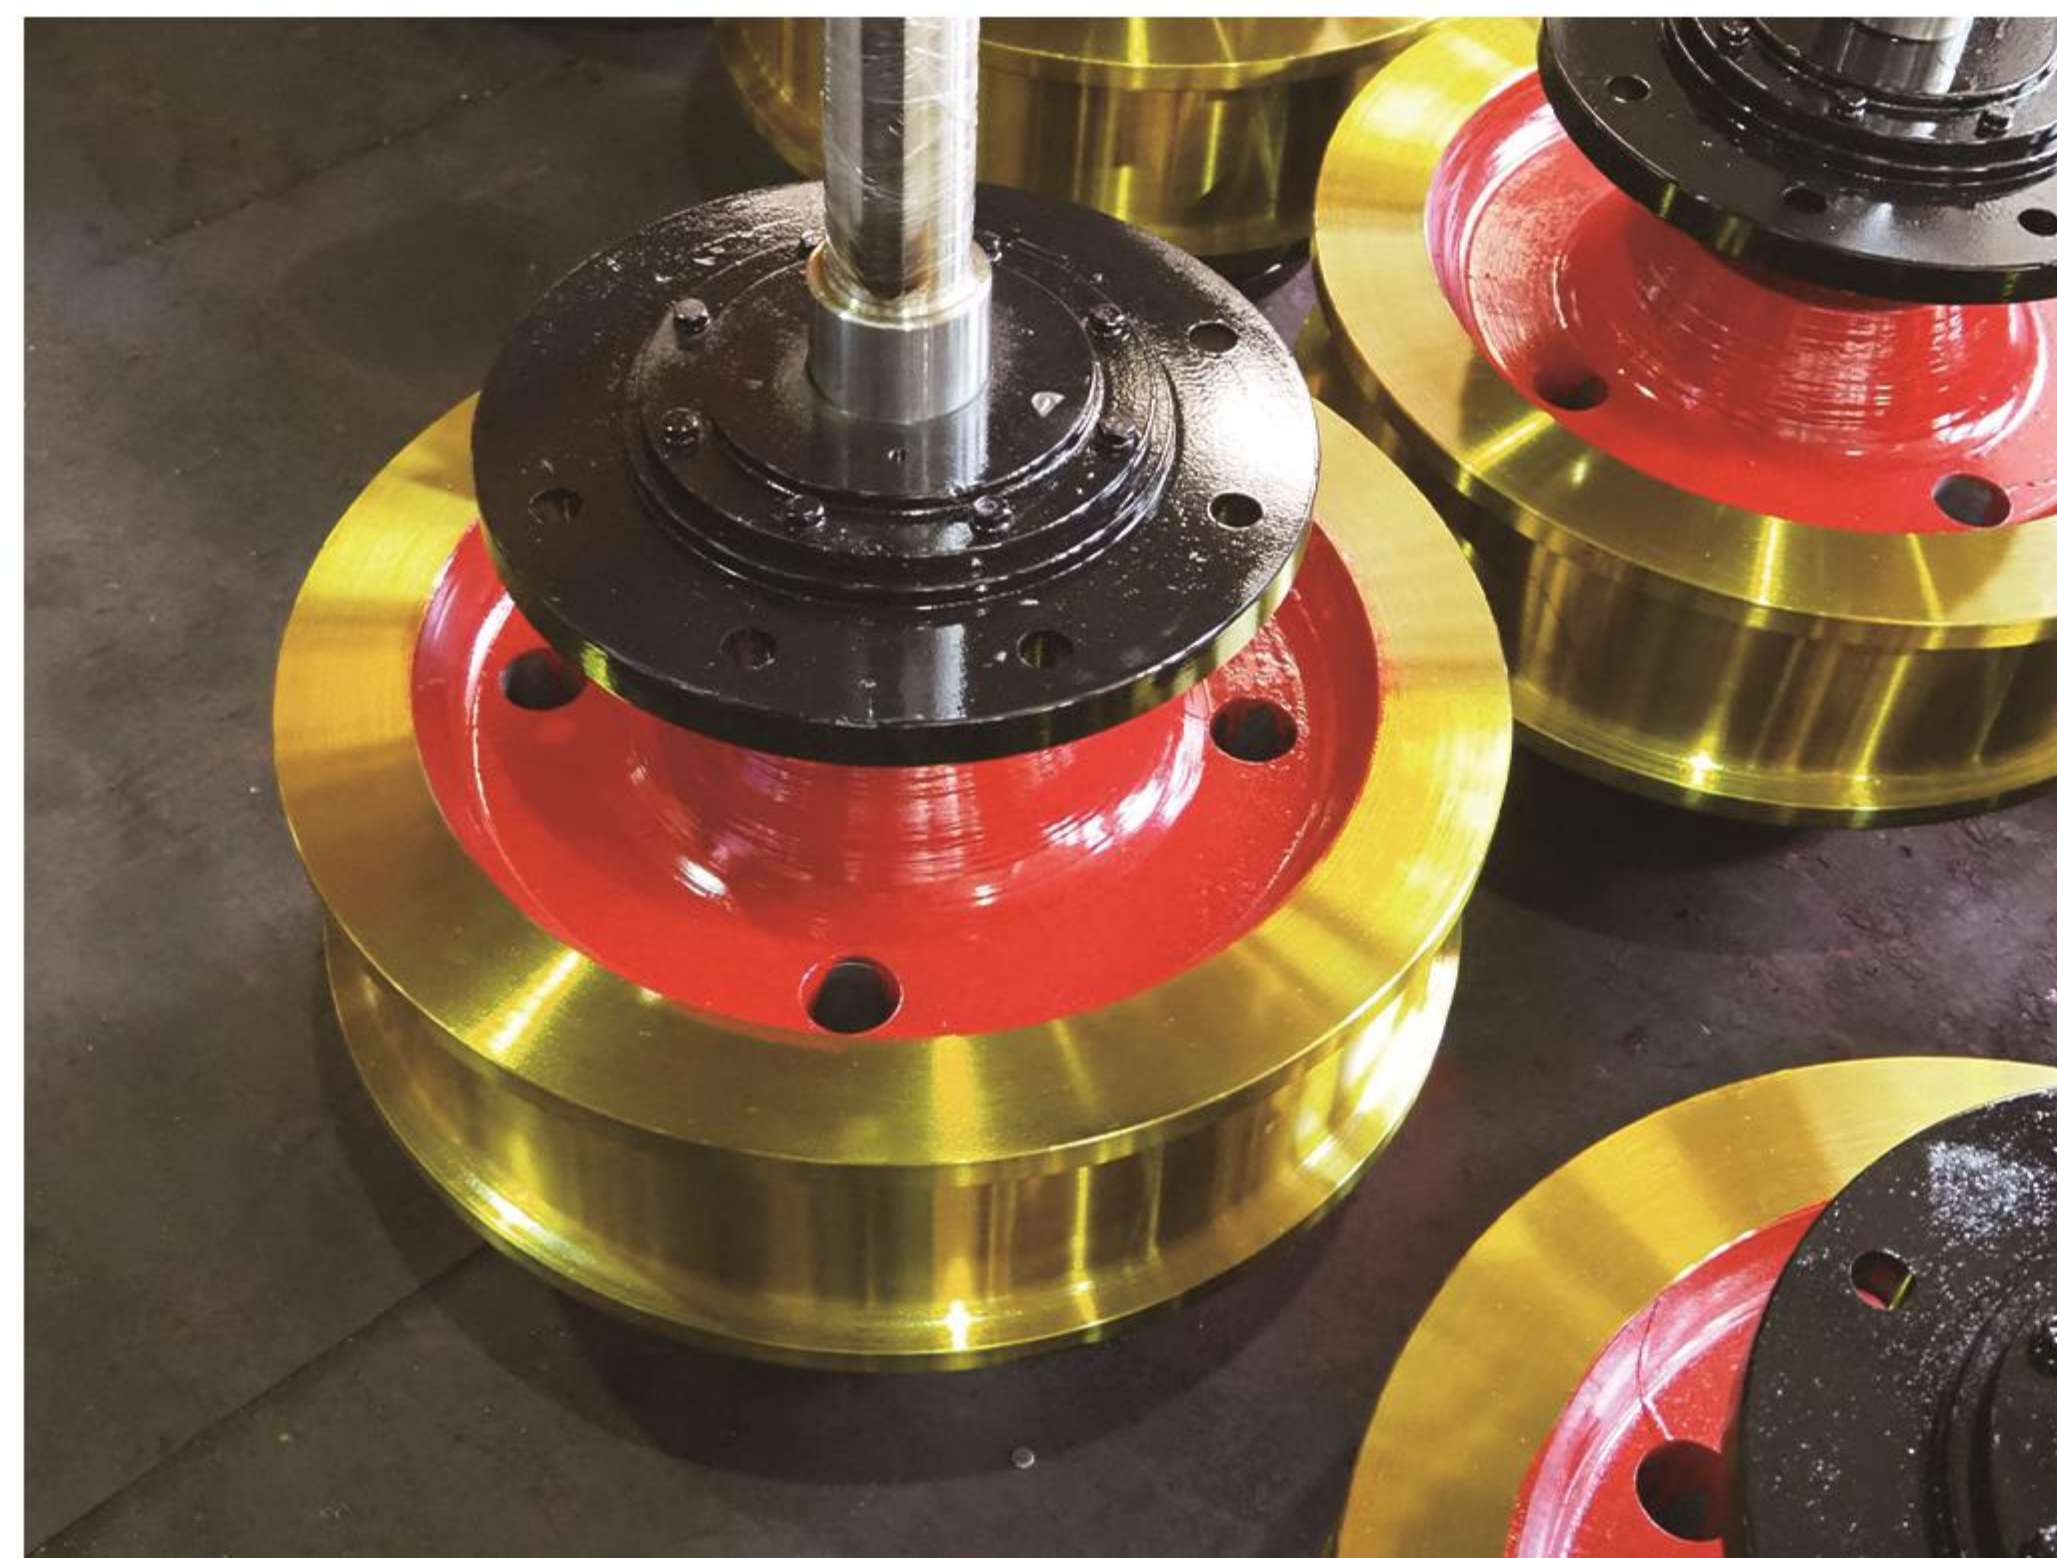

Electric rotary lifting clamp

Steel lifting clamp

Billet clamp

Forged steel rail wheels for crane

Crane trolley wheel set

European crane wheel

Pulley block

Coupling

Universal joint

Motor cable reel

Spring cable reel

Hydraulic motor type cable reel

Overhead crane power supply bus bar

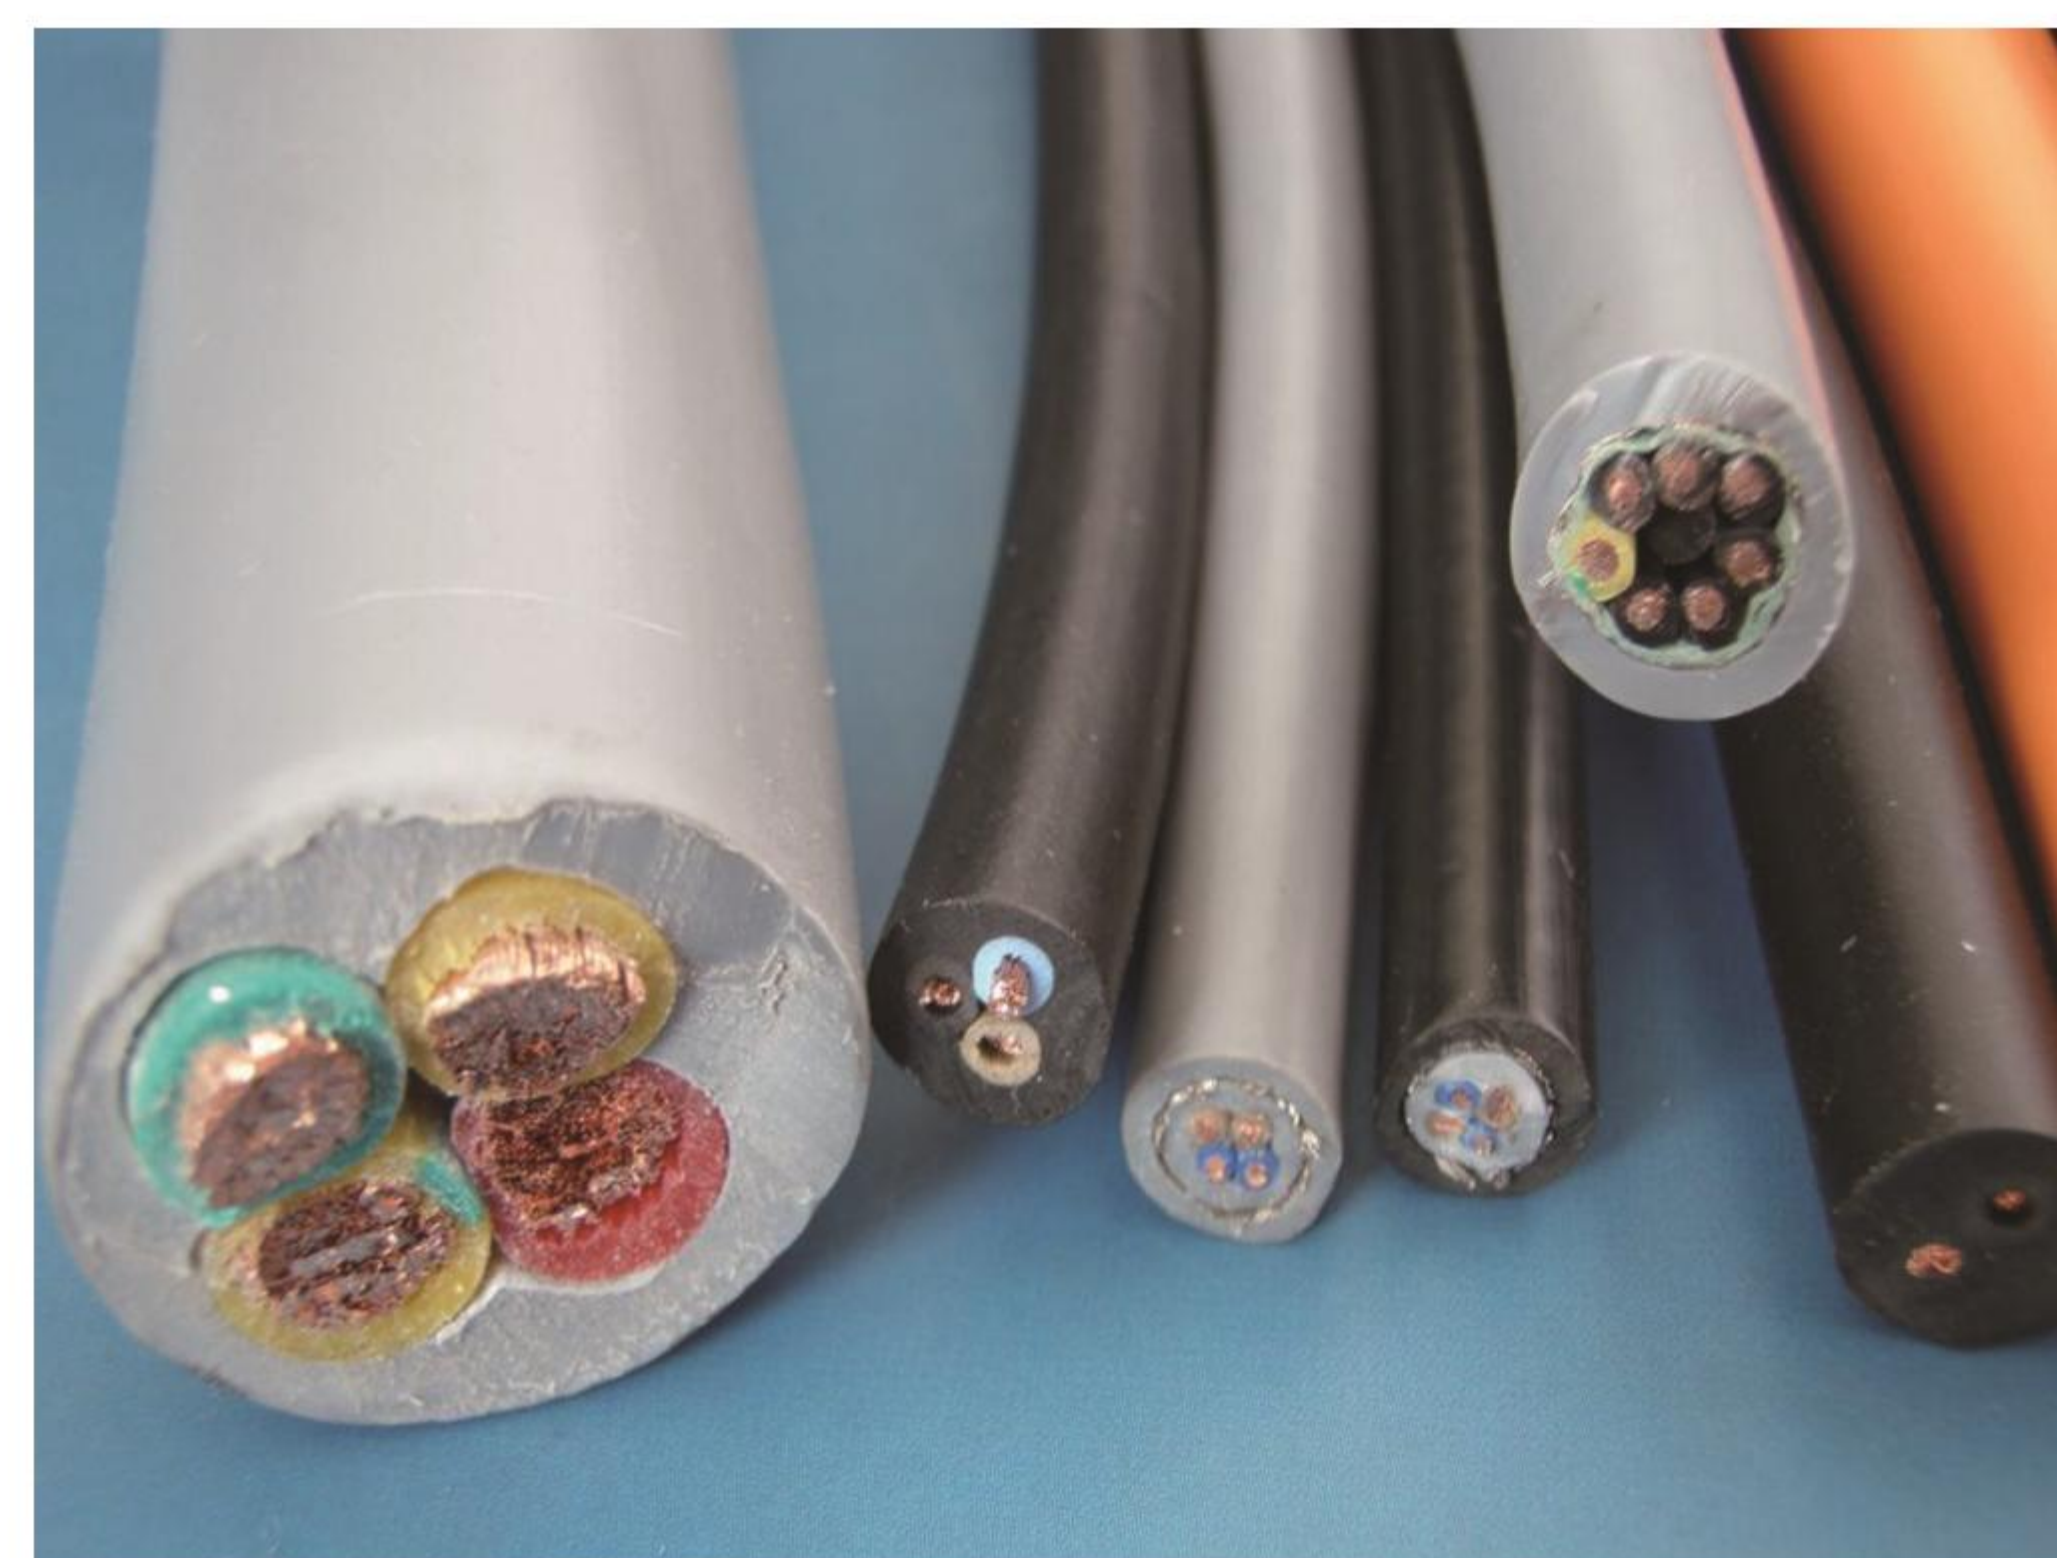

Overhead crane power supply bus bar

Wire rope

Wire rope reel

Rubber sheathed cable

Overhead crane end beam

Electrical cabinet

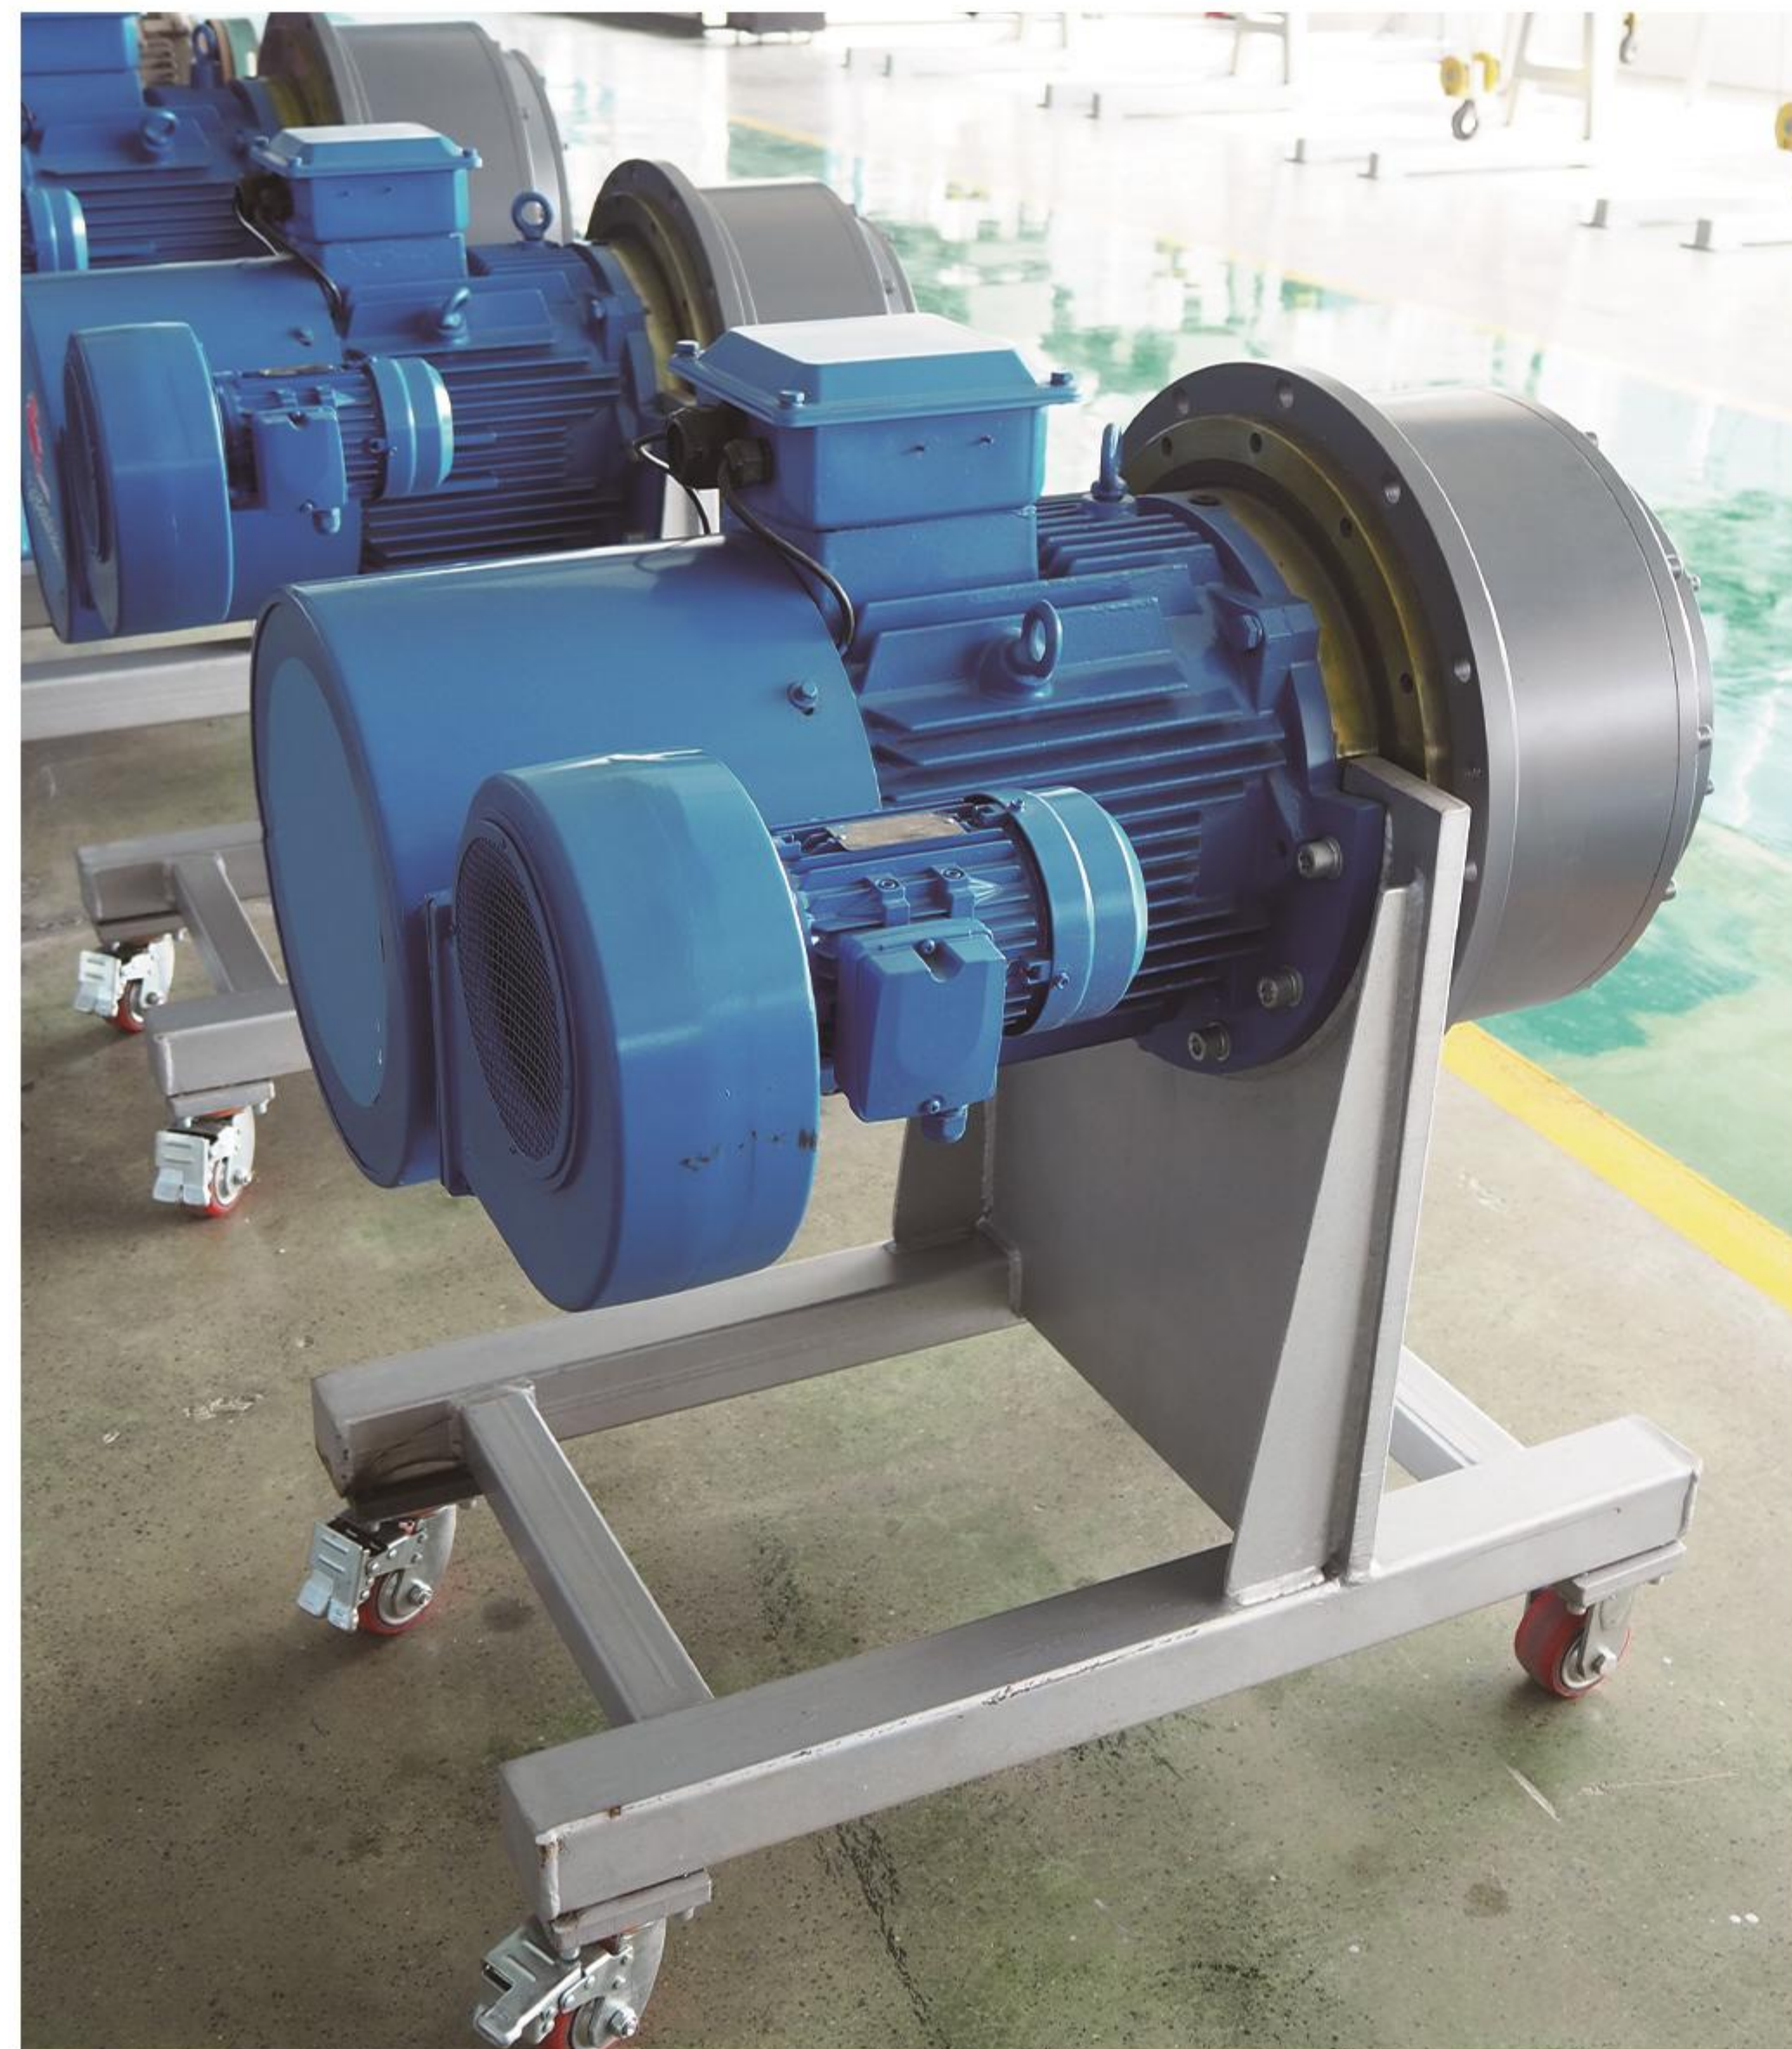

Explosion-proof electrical cabinet

Crane resistor

Electromagnetic brake

Reducer

YZ motor

Crane cab

Crane cab controller

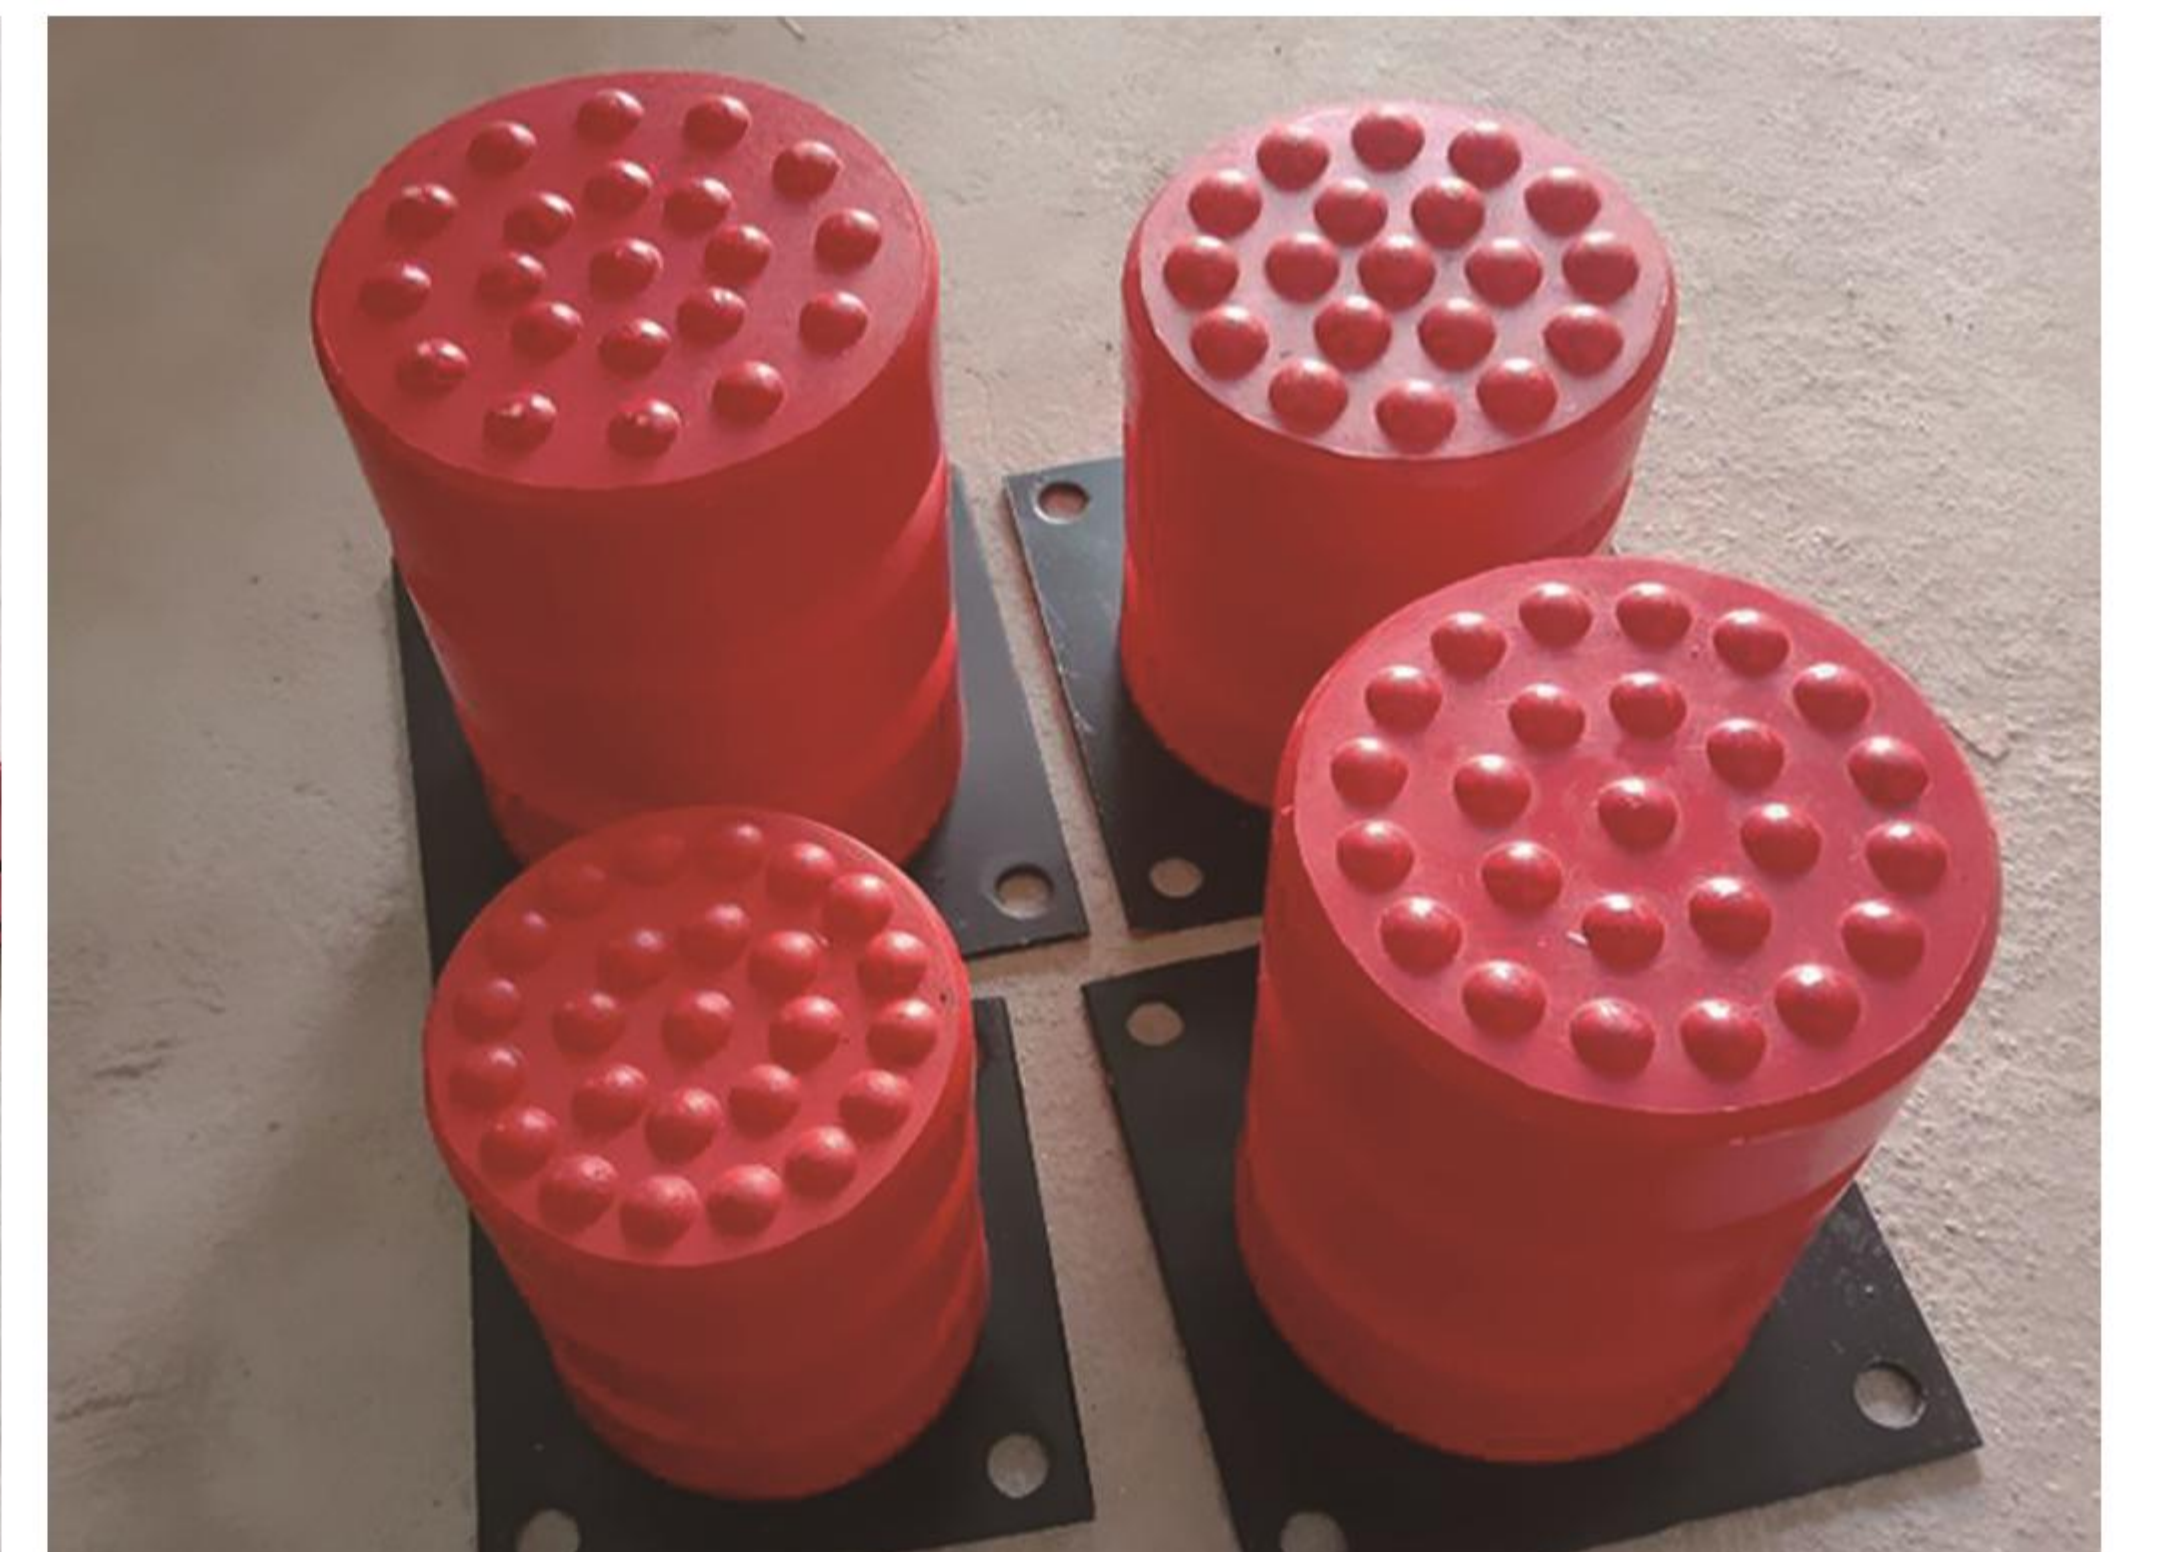

Cable pulley

Crane scales

Trolley collector

Crane buffer

Industrial air conditioning

Infrared anti-collision device
